News notes of local interest

More than 10 inches of snow yesterday spiced Chicago traffic.

Informational picketing was resumed today by local state employees, who posted pickets at both the Work Incentive office on State Street and the Employment Service office on Cleveland Blvd. Bailouts to be counted April 8 are expected to authorize a statewide strike protesting scheduled dismissal of a third of the state staff and alleged appointment of many friends of politicians.

Arson is suspected in a fire that destroyed the Big Red Carpet and Tile Barn, 8104 Collinsville Road, at an estimated \$350,000 to \$450,000, less at 4:20 a.m. Wednesday.

Panic is developing in Saigon as the South Vietnamese defense against North Vietnamese Communists continues to collapse.

Energy use in the U.S. decreased 2.2 percent in 1974, the first decline since 1952.

THE WAY IT WAS IN 1776

April 3 — A Philadelphia group accused Dutch merchants of purchasing East India goods in London for eventual resale to American traders.
April 4 — Information that royal authorities contemplated economic and military measures against residents of Boston created a local panic.
April 5 — The Marquis of Granby accused the British ministry of threatening the colonists with "fire and sword" for resenting the loss of their property by Parliamentary acts.
April 6 — Merchant Nathaniel Shaw of New London, Conn., wrote a friend that future trade depended on the repeal of the Coercive Acts.

DECISIVE ELECTION VICTORY was achieved Tuesday by Superintendent of Streets Lionel Portell, shown being congratulated at the Levee District building on Madison Avenue. Left to right are Walter Nomi, re-

lected without opposition as Fifth Ward alderman; Supt. Portell and his wife, Rosalie; and First Ward Alderman William Dallas.

Release rapist suspect

A suspect arrested Tuesday in connection with the rape of a Pontoon Road housewife Feb. 22 by a man dressed as a policeman was released from the Madison County Jail Tuesday afternoon and a rape charge against him was dropped.

Madison County sheriff's detectives arrested a 25-year-old Collinsville man Tuesday on a warrant charging him with rape. Deputies said the warrant was the result of a five-week-long investigation.

He was released after the 19-year-old housewife said she did not see her assailant in a lineup which contained the suspect. The investigation into the man's activities began after a Collinsville resident identified him as resembling a composite drawing of the man being sought. The composite was printed in newspapers.

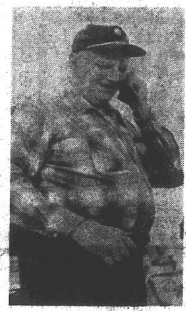

Detectives found that the man did have a uniform which was given to him when he formerly was a security guard for Illinois Bell Telephone Co. in Collinsville.

The warrant for the man's arrest was signed by Circuit Judge Victor Moselle in Edwardsville and the man was arrested at his home. His bond was set at \$15,000.

The lineup was held Tuesday afternoon and, at 4:45 p.m., the man was released and the charges were dismissed.

The failure of the victim to identify any of the men in the lineup as her assailant led Assistant State's Attorney Phillip Weber to order the release and the dismissal of charges.

Some similarities between the descriptions of the man who raped the Pontoon Road housewife, and a man in police uniform who attempted to enter other homes in the Quad-City area, led many persons to fear that one man may be responsible for several incidents. Authorities since have said there is no substantial evidence. (Continued on Page 5)

HAPPY ELECTION NEWS is relayed from City Hall by Second Ward Alderman Sam Whitmer, who was re-elected Tuesday in the Granite City biennial city election.

Burglar tries to kill man

Burglaries have been plaguing the Arlington Heights area in recent months, and a gun-toting burglar at 11 p.m. Tuesday attempted to kill a man who surprised him in a residence there.

Jan Gitcho had gone to the home of his father, Boris Gitcho, 9 Shirwin Drive, to check on the house and noticed lights turned on in an upstairs bedroom.

As Gitcho opened the front door and entered, he heard a noise upstairs and called out to the intruder.

The robber was described as about 6 feet tall, weighing about 185 pounds and having a light blue mustache with gray flecks in it.

He was wearing a black top coat, black or dark blue pullover shirt trimmed in white, dark pants, black tie shoes and tan gloves. His ski mask was solid red, police were told.

Portell re-elected Decatur, seven incumbents win

By HARRY BARNES
Press-Record Staff Writer
Lionel Portell, incumbent Granite City street superintendent, won re-election by a 2,405-vote margin in Tuesday's election in which voters elected one new alderman and re-elected six council members. Portell polled an unofficial total of 4,906 votes in the 31 precincts of the city's seven wards. Mac Warfield, son of former Street Supt. William Warfield, who opposed Portell in a spirited pre-election campaign, polled 2,881.

Warren L. Decatur, 3229 Colgate Place, was elected alderman of Ward Four over

Glen E. Sprankle by a vote of 796 to 588 in the ward's six precincts.

Decatur carried four of the precincts, Sprankle winning majorities in two. Re-elected to new four-year terms were Everett Morien, Ward One; Sam Whitmer, Ward Two; Clyde Boyd, Ward Three; Walter Nomi, Ward Five; Gerald Parmley, Ward Six; and Emerald Daves, Ward Seven.

Morien, Whitmer and Daves defeated opponents to win re-election, while Boyd, Parmley and Nomi ran without opposition.

Nomi polled the largest vote cast for an aldermanic candidate, polling 1,072 votes in the five precincts of the ward.

Daves, a council member for the past eight years, retained his seat on the council by a margin of 38 votes over his nearest opponent, Donald Partney Jr., son of former Mayor Partney.

Daves polled 678 votes in the five precincts of Ward Seven to 649 for Partney. Former Alderman Frank Vesce received 243 votes and Daniel Sparks 73 in the Seventh Ward.

Partney conducted an active campaign and appeared to be winning by a slight margin, leading 552-505 in the first four precincts to report.

The last precinct to arrive, Precinct 29, gave Daves 173 to 88 for Partney, providing the majority necessary to re-elect Daves.

Street Supt. Portell's re-election was apparent early in the evening as results of the voting began coming in at the precincts.

Victorious alderman struck, hospitalized

First Ward Alderman Everett Morien, who won re-election Tuesday night, was struck by several women at a post-election party at the Veterans of Foreign Wars hall, 21st Street and Washington Avenue, at 9 p.m. Tuesday and was admitted to St. Elizabeth Hospital with injuries to his left eye.

Morien alleged that those who hit him were members of the family of James Stuart, who ran against Morien for a City Council seat.

Morien was re-elected with 383 votes to 222 for Stuart and 198 for Douglas.

The re-elected alderman said he had been watching election results being tabulated at the City Clerk's office in the City Hall until just before 9 p.m., when his victory became certain.

He decided to visit the VFW, which was being used by supporters of Mac Warfield, un-

successful candidate for superintendent of streets.

Morien alleged as he was approaching the VFW that a male relative of Stuart, used profanity toward him and told him not to enter.

Morien, who had supported Warfield's candidacy, ignored the warning and entered the building. Some witnesses said he may have brushed against Mrs. Edith Stuart, wife of the unsuccessful candidate as Morien walked in the door.

The alderman alleged a woman then "came behind me with her fist and other things, I think, and bit me in the eye, nose and mouth from behind."

He further alleged, "I pushed her on the table and held her down when others came at me with pocket books." Other witnesses said only one other woman touched Morien and (Continued on Page 3)

Resume transit plans; project cost—\$1 billion

By GARY SCHNEIDER

Press-Record Staff Writer

In the next two to four years, there will be a lot less automobile travel in the St. Louis metropolitan area due to the energy crisis, and there is an immediate need to get a mass transit system constructed, Robert A. Keith, vice-president of Alan M. Voorhees & Associates, Inc., planning consultants, predicted here Wednesday.

Conferring with area members of the Illinois General Assembly, Keith said transit planning is being resumed but with an earlier price tag of \$2 billion scaled down to \$1 billion. The luncheon meeting was hosted by the East-West Gateway Coordinating Council to enlist support from the legislators for the concept of mass transportation planning in the bi-state St. Louis area.

Yesterday's luncheon, held at Charlie's Restaurant, was one of several being held throughout the region to acquaint officials and the public with current mass transit planning initiated by East-West.

About 40 planners, Gateway officials and Illinois legislators attended the event, discussing various modes of mass transportation which might be suitable for use in this area.

A slide presentation was given, discussing possible increases in bus service, rapid rail transit, subway systems and other modes which are being considered.

In 1971, East-West abandoned a plan for a \$1.5 billion mass transit system — estimated as representing \$2 billion in current costs.

It was the end result of a \$400,000 survey by the Ralph Parsons consulting firm.

Lawrence K. Roos, East-West chairman, noted here Wednesday that the plan was dropped because of a lack of support from the public and from state and federal officials. Roos said a study is under way, drawing much information from the Parsons study, but also enlisting the help

of the public and of officials. Goal is to design a transit system that will meet the needs and the wishes of the people who will be using it, as well as easing

overall traffic congestion and conserving fuel usage. Roos explained that the Voorhees consulting firm is (Continued on Page 5)

2 elected to Venice board

John F. Mitchell, 205 Hampton St., Venice, and Mrs. Valeta Bauder, 708 Third St., Venice, were elected Tuesday as

commissioners of the Venice Park District in a four-way race for the two Park Board posts. Mitchell, an incumbent member of the Venice Park Board for the past 18 years, won re-election with 580 votes, but Mrs. Bauder defeated the other incumbent who was seeking reelection, Mrs. Ola Mae Duhdrige. Mrs. Duhdrige has served on the board for eight years.

Mrs. Bauder polled 560 votes to 332 tallied for Mrs. Duhdrige.

The fourth candidate, John Henry Williams, 619 Washington Place, polled 475 votes.

Venice Park District voters balloted at only one polling place in the Lee Park Recreation Hall.

Other members of the Venice Park Board are Clifford Canner and Willie Teel, whose terms expire in 1977, and Peter Ponce whose term expires in 1979.

Chouteau studies building plan

Preliminary consideration of types of buildings which may be constructed for a Chouteau Township community building was begun by the Chouteau Township Board of Auditors during the board's regular meeting Monday night.

John Rapp, the architect who completed the original site study of the township's property, and who designed the town garage constructed on that

site, presented plans for several types of buildings to the board for consideration.

Rapp said the township should expect to pay from \$30 to \$32 per square foot for a new concrete block and brick hall suitable for a community building.

The township first planned to use federal revenue sharing to construct a community building, but now is hoping for sufficient funds from the Madison County Community Development grant to construct the building.

The auditors took the plans under consideration. James Estes, highway commissioner, requested that federal revenue sharing funds be allocated for him to put an entrance door in the rear of the new township garage. He also requested three door closing devices. The board requested him to seek prices and return with the request.

A letter from the Sheppard, Morgan and Schwaab construction firm was read, describing the planning for the proposed Four Township Sanitary Sewer Program. The letter also said the title company has prepared many easement forms which must be signed by residents before the sewer can be constructed.

It was noted that a meeting is to be called late this month for volunteers who will assist in obtaining free easements.

One township resident discussed a recent Illinois attorney general's ruling that township supervisors who also are on county boards, should resign their township posts because of a possible conflict of interest.

He also requested that the salary of Supervisor Walter "Dick" Sparks be held in escrow until the issue is settled. The board failed to take action on the request, feeling the township generally is not law until tested in court.

Another stood nearby and screamed. The one who was screaming collapsed moments later and had to be helped to her feet. Several officials who were at the party quickly stopped the incident.

Some witnesses said there also had been an altercation at the VFW moments before Morlen arrived.

Morlen was taken by police to St. Elizabeth Hospital, where he was admitted with an abrasion to the corner of his left eye and a contusion to the eye. X-rays were taken of his facial bones and eye socket.

"It broke a blood vessel and it is all bloodshot. The doctor has told me to just lie still," Morlen said.

Burglar
(Continued from Page 1)

came to Gitch's aid. The burglar tried to flee with a pillowcase full of articles but, in his haste, dropped the items on the street. Departure was made in an auto, possibly toward the Granite City-Madison area.

Drawers in the bedroom had been ransacked, as was a closet, but all missing articles were recovered.

The intruder is believed to have been about 20 years old. It is thought possibly that a second burglar may have been in the home and also escaped.

Store robbed Mrs. Patricia Wargin dies

of \$200 cash

An armed robber stole about \$200 cash from the C&F Confectionery, 317 E. Chain of Rocks Road, Mitchell, at 8:30 p.m. Tuesday.

The owner said he was leaning over the counter reading a newspaper when a man wearing a ski mask entered, pointed a gun at him and said, "This is a stickup. Give me the cash and put it in a brown paper bag."

The owner said he complied and the gunman ordered him to "Go to the back of the store and lay on your stomach." He said he did not hear an auto leave at a high rate of speed.

He told Madison County sheriff's deputies he thought the car went east on Chain of Rocks Road.

He described the robber as about 17 to 22 years of age, about 5 feet tall and having a dark ski mask over his face. The gunman wore a beige knit pullover sweater, a blue-gray nylon windbreaker and carried an automatic pistol in his right hand.

Take wallet in robbery

Tom Margason, 2421 Hodges Ave., said two teenagers robbed him in a field behind Kirkpatrick Homes at 9 p.m. Tuesday.

Margason said he was walking across the field when the two tackled him and he recalled one saying, "Don't move or I'll stab you." He did not see a knife, he reported.

Margason said the robbers took his wallet, containing \$40, and ran into Kirkpatrick Homes.

One was described as a male in his late teens, about 6 feet tall and weighing about 160 pounds. The other was described as about 5 feet, 8 inches tall and may have been a female, he said.

Rites held for Fred J. Peters

Funeral services were held Monday at the Ellis Grove, Ill., Baptist Church for Fred J. Peters, 64, of Ellis Grove who was a retired 30-year iron worker at General Steel Industries.

In addition to his brother, Harry Peters of Granite City, he is survived by his wife, Mrs. Virginia Peters of Ellis Grove; two other brothers, Frank Peters of Kansas City, Kan., and Gerald Peters of Chester, Ill.; three sisters, Mrs. Dewey (Katherine) Hermes, Mrs. Otis (Mamie) Thompson and Mrs. Dean (Vera) Feaman, all of Ellis Grove, and his mother Mrs. Ruth Peters, also of Ellis Grove.

Nuclear plant may be dropped

Governmental bureaucracy was assailed by President Wendell J. Kelley at the 1974 annual stockholders meeting of Illinois Power Co., held at Decatur in late March.

Citing the utility's efforts to proceed with establishment of a nuclear power plant at Clinton, he said construction has been delayed by one year due to licensing delays. The project now faces further delay and possible cancellation, Kelley warned.

He blamed differing regulations and interpretations regarding the effects of the difference a few degrees of water temperature may have on the ecology of a man-made lake that doesn't even exist yet.

"We are caught in a crossfire of bureaucratic disagreement in which one government agency has approved a 96-degree maximum water

discharge temperature while another agency requires 90 degrees.

"Although we are pursuing every option and alternative available to us, we do not know if this difference can be reconciled.

"We simply cannot meet the 90-degree requirement without

discharge temperature while another agency requires 90 degrees.

office of City Clerk Robert Stiers.

The first 10 precincts to turn in their results showed Portell leading Warfield 1,337 to 942.

The lead increased to 1,778 to 1,162 with 15 precincts reported. With 20 tabulated, Portell led 2,628 to 1,629.

The incumbent street superintendent's lead continued to grow as the results of 25 precincts were posted, showing 3,631 for Portell to 2,168 for Warfield.

In Ward One, with four precincts, Portell trailed 451 votes to 352 for Warfield.

Other ward totals, all but one favoring Portell, were: Ward Two, 820 to 395; Ward Three, 500 to 195; Ward Four, 915 to 479; Ward Five, 890 to 315; Ward Six, 432 to 358 for Warfield, and Ward Seven, 1,028 to 576.

Morlen, an alderman of the First Ward for six years, defeated two opponents to win re-election. Voters in the four precincts gave Morlen an unofficial total of 382 votes to 225 for James Stuart and 198 for Charles R. Douglas.

Whitmer, who has the second longest term of office on the council, won handily in Ward Two, where voters of the four precincts gave him 780 votes to 227 for Melvin "Red" Hill.

Decatur, whose 798 votes over Sprankle's 598 will make him the only new member of the City Council, ran for the aldermanic seat vacated by Claude Green. The incumbent Ward Four alderman did not seek re-election.

Decatur will be seated at the May 5 meeting of the council, when re-elected aldermen will begin their new terms.

Boyd polled a total of 555 votes in the four precincts of Ward Three, while Parnley received 891 votes in the Sixth Ward's three precincts.

The council will canvass Tuesday's vote in its meeting next Monday night.

Mrs. Anna Sternberg dies

Mrs. Anna (Brelje) Sternberg, 80, of 40 Villa Drive, died at Colomades nursing home at 1 p.m. Wednesday. She had been a patient at the home for the past month.

Born in Percy, Ill., Mrs. Sternberg worked 21 years in

the dietary department of St. Elizabeth hospital.

She was the past noble grand of the Junia Rebekah Lodge and a member of the past Noble Grand Club. She also was past state president of the Illinois Victory Mothers.

Her husband, Dave Sternberg, preceded her in death Dec. 9, 1957.

She is survived by two sons, Sidney and Dave Sternberg Jr., both of Granite City; four daughters, Miss Dora Sternberg and Pearl Stone, both of Granite City; Mrs. Betty Melford of Granite City and Miss Anna Mae Sternberg of Wood River; 13 grandchildren and 11 great-grandchildren.

Funeral arrangements are listed in today's obituary column.

4 charged in disturbance

Four men were charged with disorderly conduct after a disturbance in the Tip Top Tavern, 18th and State streets, at 9:30 p.m. Wednesday. Calvin Meadows, 36, of 1745 Venice Ave. also was charged aggravated battery.

Meadows allegedly struck Jim Creek, 37, of 2108 Louisa Ave. Creek was taken to St. Elizabeth Hospital where he was treated for abrasions to his face and right shoulder and multiple contusions and abrasions on his body. X-rays were taken and he was released.

Creek then went to the Granite City police department and signed an aggravated battery warrant against Meadows, officers reported.

Charged with disorderly conduct, in addition to Meadows, were Ivan Foster, 35, of Rural Route Two, Granite City; Gene Austin, 31, of Hazelwood, Mo.; and Robert Henry, 21, Florissant, Mo. All four were arrested at the tavern.

Rodenhouse murder trial due Monday

One murder case and three attempted murder cases were among those on docket calls today in Madison County Circuit Court at Edwardsville. Trial dates are to be set at today's call.

Expected to go to trial Monday is the murder case against George E. Rodenhouse, 47, of the 4600 block of Kirkpatrick Homes, who allegedly fatally shot Henry Uhlis, 51, of 1720 Chestnut St., in Uhlis' home Dec. 16.

Also on today's docket call was an attempted murder charge against Charles Rea, 32, of the 3100 block of Kilarney Drive, who is alleged to have shot his estranged wife, Mrs. Victoria Rea, Collinsville, in her car near Highway 111 and Sand Prairie Lane Dec. 26.

A date is to be set for the trial of Edward L. Osborn, 28, of Veronica Court, Mitchell, who is charged with attempted murder for the alleged shooting of Robert Muckenstrum, 31, Belleville, in the parking lot of the Round Table Restaurant near Collinsville Sept. 24.

Three persons also are to face trial this month in connection with the shooting of Charles Regan, 31, of 15 Lakeview Drive, Pontoon Beach, Nov. 29. Charged with attempted murder are Mrs. Carolyn Faye Ragan, 30, East St. Louis, Robert Perigo, 24, of 2700 Denver St., and Carl O. Nightingale, 22, of the 4000 block of North Street.

Clyde Thomas dies suddenly

Clyde "Pete" Thomas, 67, of 4101 Division St., died at his home of an apparent heart attack at 1:55 a.m. today. He was found by his wife, Mrs. Esta Thomas, on the floor and taken to St. Elizabeth Hospital where he was pronounced dead.

Born in Winkler, Ill., he lived in Granite City 30 years and retired as a welder at A. O. Smith Corp. with 20 years service.

In addition to his wife, he is survived by one daughter, Mrs. A. D. (Ruth Ann) Brown of Granite City; three sons, Melvin C. Thomas Sr. of Greenville, Ill., Marvin A. Thomas of Granite City and Milton Thomas of St. Louis; two sisters, Mrs. Woodrow (Erma) Perkey of Chicago, and Mrs. Minnie Polite of St. Louis; four brothers, Wilbur Thomas of Rice, Ill., Alvin Charles Thomas of Pickensville, Ill., Gerald Thomas of Los Angeles, Calif., and Hugh Thomas of Granite City; 18 grandchildren and eight great-grandchildren.

Funeral arrangements are given in the obituary column.

Rites Tuesday for J. O. Grant

Funeral services will be held Tuesday at 1:30 p.m. at a Wood River funeral home for James Oscar Grant, 78, of Hartford, who died Saturday at St. Anthony's Hospital, Alton.

He was the father of Oscar Grant of Granite City and stepfather of Mrs. Mildred Ford and Mrs. Evelyn Cole, both of Granite City.

He also leaves two daughters and five other stepdaughters, three stepsons, 14 grandchildren and 13 great-grandchildren, two sisters and two brothers.

Reports are on display

Mrs. Patricia Polley, clerk of Chouteau Township, announced today that copies of the supervisor's annual financial reports have been completed and are on public display at the township offices, 825 Thorngate Drive, Mitchell.

She also announced the April 14 Town Board of Auditors meeting has been changed to 7 p.m. Tuesday, April 15. Subsequent meetings will be April 28, May 12 and May 26, all at the township offices and all beginning at 7 p.m.

The annual town meeting will be held at 7 p.m. Tuesday at Sun & Fun Beach Resort in Mitchell.

DRIVER IS HURT

Mrs. Rose Ballard, 82, of 2863 E. 94th St., was admitted to St. Elizabeth Hospital at 4:30 p.m. Wednesday with injuries suffered in an auto accident. Mrs. Ballard was the driver of an auto involved in the accident and was taken by ambulance to the hospital. She suffered contusions to her head and left shoulder.

Kindergarten registration scheduled at grade schools

In announcing pre-registration dates for next year's kindergarten classes, Superintendent of Schools B. J. Davis has urged the cooperation of all parents of children who will start kindergarten in September. Registration of all such children this spring will enable the school district to anticipate more accurately both the space and personnel needed.

Any child who will be 5 years of age on or before Dec. 31, 1975,

is eligible to enroll in a kindergarten class. Kindergarten classes are half-day sessions and are held at each local elementary school. A birth certificate should be presented at the time of registration and must be presented before actual attendance can begin in the fall.

Illinois law states that no child may enter school for the first time without the following immunizations: Whooping cough, diphtheria, tetanus, polio, measles, regular measles (10-day), Rubella (3-day) (or have had the disease). Exceptions are made only for religious or medical reasons.

Physical and dental examinations are also required before attendance in kindergarten may begin. These forms are distributed to parents at the time of registration so that appointments for the exams can be arranged during the summer. School nurses will be available at the time of registration to explain health regulations to parents.

Registration days at the various elementary schools are as follows: Monday, April 14: Nameki, Niedringhaus, Webster, and Mary. Tuesday, April 15: Logan, Mitchell, and Lake;

Wednesday, April 16: Emerson, Marshall, Washington, and Johnson.

Thursday, April 17: Frohardt, Parkview, Wilson, and McKinley; Friday, April 18: Stallings.

Registration will be from 9 a.m. to 12 noon and from 1 to 2:30 p.m. on the designated day. The child being registered should accompany the parent. Any questions concerning the registration can be answered by the principal of the neighborhood elementary school or by Vasil Eftimov, director of pupil personnel services at the Board of Education office (876-6600).

Couple, child hurt

Russell Gaddy Jr., 23, his wife Martha, 21, and their daughter, Teia, 4, were injured in an automobile accident at Route 162 and State Aid Road 35 about 5:15 p.m. Tuesday and were taken by ambulance to St. Elizabeth Hospital.

The child was admitted with contusions below her eyes and other injuries. The mother and father suffered injuries to their necks and backs and were released after treatment.

GC Steel to close lines for a week

Granite City Steel will close its cold strip, pickle line and all galvanizing lines all of next week due to a shortage of orders for the finished products, it was announced today.

A spokesman for the steel company said the market for steel has been fluctuating and is expected to continue to fluctuate through most of this summer.

The company has been running the 84-inch hot strip line only about two weeks of each three for some time.

\$2,200 loot in burglary

Items worth more than \$2,200 were taken from the home of Charles A. Westbrook, 2553 Morrison Road, while the family was away. It was reported by Madison County authorities at 5:16 p.m. Wednesday.

Taken were three shotguns, a rifle, a .17 mm Mouser, six gun cases, a portable television set, two movie projectors, a movie camera, an auto timing light and an auto vacuum gauge. Entry was gained by forcing a front door.

completing the first stage of the new study, intended to aid in selecting a mass transit system meeting the approval of citizens.

The Voorhees study is a \$30,000 effort to gather pertinent information on transportation in the St. Louis area and to obtain data on types of transportation that the public would prefer.

After the Voorhees study is completed, sometime within the next two weeks, East-West Gateway will consider hiring a consulting firm for the second phase of the study.

This is to be a nine-month project to select alternate modes of public transportation and to use public opinion in selecting the most feasible system.

Keith, in his talk to the legislators, predicted an acceptable system could be "on the drawing boards" by this time next year.

"We believe we can design a system for about half the \$1.5 billion or \$2 billion system proposed in the Parsons study. It will not be all a subway, as the Parsons study suggested, but a part of it may include a subway," Keith commented. He said \$1 billion may seem like a frightening figure. But, he explained, "Over a 20-year period, with the federal government paying 75 per cent of the cost, the system would only cost \$10 million or so per year from local money."

This year, the Bi-State Transit System will receive \$25 million in subsidies, with Illinois paying 25 per cent and Missouri paying the rest. When you consider that, \$10 million

per year is not unreasonable. "There is \$40 million per year available from the federal government. It is just sitting there waiting for you, and all you need is a plan—and the \$10 million per year in local (St. Louis area) money," Keith explained.

"By 1985," he predicted, "the entire industrial world is going to have to use less and less petroleum products. Automobiles use 25 per cent of all petroleum used in the United States. It is clear that mass transit will become a necessity."

Keith said many people see no need for mass transit systems, feeling that if more people want to use public transportation, all that is necessary is for more people to use the buses.

"If every seat on every Bi-State bus was filled, it would only reduce the number of cars in rush hour by two per cent."

"It would take 15 years for Bi-State just to purchase and obtain enough buses to provide the kind of mass transit we are talking about here," the speaker commented.

He said the Bi-State Development Agency is attempting to better meet the transportation needs of many, and will spend \$95 million this year on improvements, garages, buses and shelters for passengers.

"In our opinion, you do have a serious transit problem here, but don't feel alone. "Half of the major cities in the United States have completed plans for mass transit systems. But the other half, like

to link the man who committed the rape with cases here Feb. 26, March 1 and March 8 in which a man or men, some believed dressed in uniforms, attempted to gain entry to women's homes.

Similar reports have been made in Collinsville and other area communities. The sheriff's department said the investigation into the rape and any related cases is continuing.

St. Louis, do not know what they are going to do," he explained. Roos emphasized his belief in the need for a regional approach to mass transit planning.

He cited examples in which Missouri and Illinois officials are working together well "for the good of the region."

The former St. Louis County supervisor, now a bank executive, said that, with the exception of the issue of where a new major St. Louis area airport should be located, "Nobody is trying to dominate the other guy."

Roos said he hopes a compromise agreement can be reached soon in the airport disagreement "so we can put this issue to bed."

He said scheduled transfer of the Bi-State Public Wharf and facilities on the Chain of Rocks Canal to the ownership of the Tri-City Regional Port District is "a great step forward" toward regional cooperation.

Hagnauer may hold township, county posts, attorney rules

A legal opinion by Granite City Township Attorney Willis Schooley that Nelson Hagnauer as township supervisor and County Board member are not in conflict, and that Hagnauer can serve in both posts, was approved by the Granite City Town Board Wednesday night.

The opinion, prepared in response to a ruling by Illinois Attorney General William J. Scott that officials serving as both town supervisor and County Board member are in conflict of interest, was presented to the annual meeting of the Town Board in the City Council Chambers. The Town Board is made up of City Council members.

Schooley held that in townships whose boundaries are the same as those of a city (such as in Granite City) the supervisor does not have a vote on the Town Board and does not participate in Town Board meetings in any way. Consequently, he said, the supervisor cannot vote on issues of business involving the county, and therefore cannot be in conflict.

The Town Board Wednesday night also approved the annual report of Supervisor Hagnauer.

The text of Schooley's opinion:

Pursuant to a request for an opinion concerning the town supervisor's status as a result of an opinion rendered by the attorney general of Illinois holding that certain supervisors have ipso facto resigned and vacated their office of supervisor upon being elected as a member of the County Board in November, 1974, I submit the following opinion: The attorney general cites in his opinion Illinois Revised Statutes, Chapter 139, Section 117 which provides that the Board of Auditors shall consist of the supervisor and four members elected at large from the town; that each member shall cast one vote; and that the supervisor shall be the chairman of the Board of Auditors.

The attorney general then bases his conclusion that the office of supervisor and County Board member are incompatible upon the following premises: That the supervisor votes as a member of the Board of Auditors and also as a County Board member; that the passage of the Intergovernmental Cooperation Act, Illinois Revised Statutes, Chapter 127, Par. 749, and in September, 1973, Par. 126-10, Chapter 139 authorizes contracts between the County and Townships in a number of areas including public safety, environmental protection, public transportation, health recreation and social services for the poor and aged; and that because a supervisor could be voting on a contract both as a member of the Board of Auditors and as a County Board member the two positions are incompatible.

Illinois Revised Statutes, Chapter 139, Section 130 provides that in a town wherein the boundaries are co-extensive with the boundaries of a city, as is the City of Granite City, and the town of the City of Granite City, the powers of the Board of

Auditors shall be exercised by the City Council. Illinois Revised Statutes, Chapter 24, Section 3-11.9 provides the City Council shall consist of the mayor and aldermen. The by-laws of the town of the city of Granite City passed by the electors at the annual town meeting provides that the Board of Auditors of the town of the city of Granite City shall be the mayor and the aldermen. The supervisor does not sit on the Board of Auditors; he does not have a vote as a member of

the Board of Auditors; and he does not vote on any proposition as supervisor of the town.

Because the conflict of the supervisor voting on contracts between the county and the town cannot arise in the Town, it is my opinion that the opinion of the attorney general does not apply to co-extensive towns and therefore the position of supervisor of the town of the city of Granite City and Madison County Board member are compatible.

Meeting tonight on special education

Three public meetings will be conducted by the Madison County Special Education Advisory Committee to recommend to the State Advisory Council on the Education of Handicapped Children additions to, or modifications of, its comprehensive plan as it has found necessary or desirable.

Information received from the public meetings will be used by the Special Education Advisory Committee in compiling its annual report to the state.

The Madison County committee was appointed by Supt. Briggs in April 1974. Members of the committee include Glen Abernethy, Granite City, a former school board member, and Mrs. Jack Tolliver, Venice, a parent who has served in community organizations.

Tonight, 7:30 to 8:30, St. John's United Church of Christ, 2801 N. Main, Granite City. Thursday, April 10, from 7:30 to 8:30 p.m., Collinsville Building and Loan, 321 Belt Line, Collinsville. Thursday, April 17, from 7:30 to 8:30 p.m., Metropolitan Bank Building, 2850 Belt Line, Alton.

10 million alcoholics in U.S. Rotarians told

There are more than 10 million alcoholics in the United States affecting 40 million families in the United States, according to Carl Tison of the Madison County Council on Alcoholism and Drug Dependency.

Tison who is the program chairman for the program division of the council, spoke to the Granite City Rotary Club at its Tuesday noon meeting in the YMCA.

Tison said there are many myths about the sickness called alcoholism. He said that about 3 per cent are degenerate drinkers and this is the group the most money is spent on.

Tison noted that their program tries to work with the other 97 per cent that has a good possibility of rehabilitation if detected and treated early enough.

The early detection and treatment, he emphasized, is important before the individual is fired from his job or gets into other serious problems frequently associated with drinking. They also work with the employer in the rehabilitation program, which is based on an individual approach.

Endurance runners see sights on June

Two former Granite City distance running standouts will take to the quarter-mile track June 15 at the Granite City High School South's stadium in an attempt to shatter distance endurance records.

Richard Rose, 21, a 1970 Granite City High School graduate, will attempt to snap a non-stop record of 121 miles and 440 yards, set in 1966 in 22 hours and 27 minutes by 41-year-old Jared R. Beards of Westport, Md.

Howard "Howie" Bryant, 19, a 1973 GCHS graduate, seeks to become the youngest athlete in the nation to reach 100 miles in a 24-hour period, with 10 to 15-minute break intervals.

Former Granite City's Gus Schalk, now a wrestling coach at Normandy High School, St. Louis, is the holder of the present record, having accomplished the feat in 1969 on the day before his 20th birthday. Bryant will not be 20 until Nov. 3.

South cross-country mentor Richard Harrison told the Press-Record, "Both athletes performed well during their high school careers."

"Although both have the capabilities of coming close to breaking both records, the present marks will be hard to top."

Rose is regarded as having the stamina and physical conditioning to attempt the feat. He has tried it twice before, 1970 and 1971, but chest cramps thwarted the effort both times after 35 1/2 miles.

"My legs were still in good shape both times," recalls Rose, "but my parents and physician felt the chest cramps were too severe for me to continue the effort."

Bryant, holder of several high school track and distance records and now a student at SIUE, says he was never hurt during his school days here, but while competing at the college level has suffered leg injuries. In his senior year at GCHS, Bryant set two new school

records, which still stand, in helping the Warriors to the fourth-place finish in 1973 in the 30-school Eastern Illinois University invitational—a one-mile run in 4:23.1 and a two-mile run in 9:17.2.

"I'm not having problems with my legs now," notes Bryant. "I've been conditioning them by running a half mile more each day."

Both athletes will start a conditioning program this weekend. They plan to run 10 miles each day from now until June, adding a half-mile each day until they are running 25 or 30 miles a day for a week before the set date.

During the final week, they will pace off 10 miles a day at quick speed to further their stamina.

Indoor activities during the time span will include jumping jacks, bending over and touching the ground without

bending either knee, leg lifts to strengthen back and hip muscles, and hurdles stretches. "We'll start at four o'clock in the morning in our attempt," they relate, "in order to keep a fast pace while the temperature is cool."

"That way we can get ahead of our schedule and be able to slow the pace down during the day when it's hot, and save our strength for the finish."

Rose calculates he will need to average six miles per hour or an average speed of 5.6 miles per hour to reach his mark.

Bryant's attempt will require him to average 5.6 miles an hour, with 10-minute breaks in between.

Whether the two athletes reach their goal or not, the attempt will mark the first time that a dual record-breaking effort will be made in one city at the same time. According to the Guinness World Book of Records, this will be a record in itself.

RECORD BREAKING ATTEMPTS will be made this June by distance runners Richard Rose, left, and Howard "Howie" Bryant. The two former Granite City cross-country and track standouts will attempt to break the records for world record endurance runs in two categories—Rose, 122 miles non-stop in less than 24 hours, and Bryant, youngest athlete to run 100 miles (with short interval breaks) in less than 24 hours. The attempts will be made June 15 on the quarter-mile track at GCHS South.

Express buses for '75 National League games

Bi-State Transit System will operate 11 special Red Bird Express bus lines to all Cardinal baseball games at Busch Memorial Stadium.

The direct-to-the-stadium routes include the Tri-City area Red Bird Express buses: Nameoki Village Shopping Center via Nameoki, Madison, Broadway, Main, McKinley Bridge and then direct to Busch Stadium. Pickup points are at bus stops from Nameoki Village to Main and Broadway, Venice.

The first bus leaves the Nameoki Village Shopping Center 75 minutes before game time and the last bus 60 minutes before game time. Approximate running time from Nameoki area to Main and Broadway is 17 minutes.

The weekly pass is good on all Red Bird Express buses upon payment of 40 cents by an adult or 15 cents by a child. No additional zone charges are made. Transfers are accepted in the "going" direction upon payment of 40 cents by an adult or 15 cents by a child. On the return trip, free

transfers are issued upon request.

For additional details or more specific schedule information, buses may call Bi-State at 773-1120.

The Cardinals and Montreal Expos will work out, weather permitting, at Busch Stadium Sunday. The public is invited to attend at no charge.

The Cardinals' game is scheduled for noon, with the Expos taking the field at 2 p.m. Fans planning to attend are to enter gate 4 across the ramp from the garage on the west side of the stadium. The gates will open at 11:30 a.m.

The Cardinals ticket office at Busch Stadium will be open from 10 a.m. to 5 p.m. Sunday. The Red Birds and Expos will open the 1975 season with 7:30 p.m. game Monday, April 7. Pre-game ceremonies start at 7 p.m.

Members of the Cardinals' first all-300 hitting outfield since 1902 (based on players who appear in 100 or more games) head the list of six Red Birds appearing on the 1975 all-star game official ballot, it was announced last week. Lou Brock, Bake McBride and Reggie Smith are among 24 outfielders listed on the ballot.

Other Cardinals appearing on the ballot are second baseman Ted Sizemore, third baseman Ken Reitz and catcher Ted Simmons.

Fan balloting for the all-star game will begin May 24. The 1975 classic will be played Tuesday, July 15, at Milwaukee County Stadium.

Speedsters Brock and McBride will be honored at ceremonies prior to the first game of the 1975 season for "The Great American Slideshow."

Brock will receive a special presentation from Missouri Gov. Christopher Bond in recognition of his record 18 stolen bases in 1974. McBride will receive his award as National League rookie of the year.

The Bob Kuban Band will entertain outside the stadium when the gates open at 6 p.m., and will entertain inside prior to the ceremonies.

Other activities in Monday's ceremonies will include a presentation to actor David Hartman by Webster Groves Mayor Jack Cooper. In the NBC-TV series "Lucas Tanner," Hartman portrays a former Cardinal player who teaches at the high school in Webster Groves.

Former St. Louis County Supervisor Lawrence Roos, co-chairman of the Red Bird Boosters Club, will welcome fans on behalf of the Boosters. Cardinal broadcaster Jack Buck will introduce all players of the Cardinals and Expos.

Gov. Bond will throw out the first pitch of the new season. Canal scout Bob Mathes, a Red Bird employee for more than 50 of his 83 years, will deliver a ceremonial pitch; he began his pro career in 1930. Following an open date April 9, the Cardinals and Expos will meet in a 12:30 p.m. businessmen's special. Wednesday and Thursday, April 9 and 10. The April 10 game will be the first of six senior citizens' and ladies' specials when ladies and persons age 65 and over may purchase tickets at special price of 50 cents for general admission, \$2 for reserved seats and \$3 for box seats.

Warrior faces honor or hat and cage teams

More than 100 Warrior wrestling and basketball fans gathered at the Granite City High School South auditorium Wednesday evening to honor the school's athletes who participated in all activities during the 1974-75 season.

Miss Annette Tarporff, president of the school's Red Pepper Club, served as master of ceremonies and told those present, "We are very proud of our athletes and the school tradition they have continued throughout their high school sports career."

She introduced the coaches of both sports—Bryan Wilkinson, basketball, and William Schmitt, wrestling.

Gager Ken Beards, a senior, was honored as the team's most valuable player, leading scorer and free throw shooter.

Jim Nolan, a junior, received the field goal percentage award, and Mike McVay, a sophomore, was the recipient of the Cameron VanBuskirk

plaque as the most outstanding sophomore player. Each also was presented a GCHS South school letter.

Other school basketball letter presentations were made to: Seniors—Kirk Champion, Bob Hutchings, Dave Naglich and Tom Schooley and Juniors Kirk Fancher and Frank Holmes. Student managers letters went to Steve Mead and Keith Fears, both seniors.

Wrestling Coach Schmitt commented, "The question is not how we weathered the storm, but whether we brought the ship (state title) home."

"We didn't bring the ship home, but we launched several life boats. And whenever we got close to the beach, there was always a lifejacket there with the initials B.W. Think about that."

The 25-year mat mentor then presented three awards to senior matmen Brian Wilson—most valuable wrestler award, most pins during the season citation, and an award as the

senior who has had an illustrious wrestling career in high school.

Jim Carmody was recipient of the second annual Lawrence McCauley outstanding sophomore memorial award, and Coach Schmitt noted that Darrell Hasty was the first freshman since 1956 to receive a school letter in the sport.

In addition to the three, school letter awards were presented to:

Seniors—Jeff Brokaw, James Caschetta, Brian Gaines, Steve Garland, Woody Halburn, Don Hasty, Kevin Page and Leon Scroggins.

Juniors—Steve Avedisian, Edward Fetter, Lindy McDaniel, Glenn Moore and David Patterson.

Sophomores—Mark Naglich and Kevin Wilson; and student managers Debbie Cavin, Barbara Sam and Denece Teator.

Miss Connie Sudhol, a senior, received the Red Pepper Club's "School Spirit" honor.

Steeler ball team wins 8-0 shutout

Granite City High School North posted its first baseball shutout in the school's two-year history on Tuesday, blanking the host Wood River Oilers 8-0.

A combination of Steeler John Scott's full-distance pitching and 14 stolen bases by North runners aided the victory.

Scott gave up seven hits and one walk while fanning nine batters. Wood River pitchers walked 12 Steeler batters, struck out five and allowed six hits.

Harvey Breckner opened North's four-run first inning with a double. Billy Carr walked and stole second, and Jeff Reiter sent both runners home with a double over third base. Reiter stole third, Ed Schmidt walked, and they executed a double steal. Schmidt later scored on a Dave Harrison's single.

The next inning saw several Oiler fielding miscues. Darrel Page singled and Breckner and Carr reached base on fielder's choices. Carr later stole two

bases and scored when the catcher missed a throw to home plate.

Dave Harrison provided North's only other run, in the third inning. He walked, stole second and third, and scored on a squeeze bunt by Page.

North's final hit was a fourth-inning single by Ed Schmidt. North's baseball Stealers left victims 6-1 Monday at O'Fallon to the Panthers.

O'Fallon, a state qualifier last year, was sparked by 14 strikeouts by Pitcher Paul Buschman.

The Panthers got five of their six hits in the game and five runs in the first four innings of Davis Davis. He was relieved by Mike Waldo, who allowed a homer in the fifth. North's lone run came in the second inning when Ed Schmidt doubled to left center field and scored on a hit by Davis.

Amusement team seeking another ice championship

The P and S Amusement ice hockey team coached by Bill Hockney, 24, Bantam Division squad of the Granite City Amateur Ice Hockey Association, will put its perfect 1974-75 season record of 40 victories, no losses and no ties on the line this weekend in search of the Florissant Valley Tournament title at St. Charles.

P&S, the only undefeated amateur team in the region, will compete with teams from St. Charles, Kansas City, Florissant, Spanish Lake and Springfield, Ill.

Title holder of three previous tournaments, including the Granite City invitational, the local squad will be led into action by John Krekovich, a student at GCHS South who heads his team in goals and assists with 87 points.

Krekovich is complemented on the ice by Danny Fichte and Joe Juneau, also formidable scorers.

The P&S net will be defended by Frank Prusa of Fairmont. He has recorded 14 shutouts against opposing teams this season.

Talented forwards include Danny Taffi, Todd McFarland, Kevin Mayer, Jim Gilliam, Ray Deien and Ben Brown. The team also has a capable defensive unit in Gary Phelps, Will Connolly, Terry Page, Pineda, Bill Portell and George Grove.

The tournament schedule this weekend begins Saturday at 6:30 a.m. at the St. Charles ice rink with Florissant meeting Kansas City.

P&S takes on Spanish Lake at 7:45 a.m. and St. Charles plays

Springfield, at 9 a.m. Saturday. On Saturday night, the losers of the Florissant-Kansas City and P&S-Spanish Lake contests meet each other at eight o'clock. Winners of both games meet at 9:15.

St. Charles and Springfield drew a bye into the championship rounds to be played Sunday.

At 1 p.m. Sunday, the victor of Saturday's eight o'clock contest will meet either St. Charles or Springfield for consolation honors.

Either St. Charles or Springfield, depending on which of the two wins Saturday, will play the winner of Saturday's 9:15 p.m. contest for the tournament title at 2:30 p.m. Sunday.

South scores early on way to 8-3 win

The baseball Warriors of GCHS South won at Wood River Monday 8-3 over the Oilers.

South held a 5-2 lead before the Warriors' third in the first inning on hits by Jeff Scarborough, Brian Sikes and Mike Gagech, a two-run single by Mark Greenwald and Randy Smith's sacrifice fly to center.

Wood River scored in the first, fourth and seventh innings.

South scored in the first on a Paul Muhlshiff single, a stolen base and an Oiler error on a fly by Brian Sikes.

Greenwald scored in the next inning after drawing a walk, going to second on a wild pitch and advancing to third on an

infield error. He scored on a fielder's choice off the bat of Kevin Winans.

A triple by Jim Kafka, Sikes' walk, a hit by Gagech and an infield error added two third-inning South runs.

Muhlshiff doubled in the fourth and scored on a hit by Scarborough.

Warrior Randy Leyerla, on the mound 3 and two-thirds innings, picked up the win.

He struck out two, walked five and allowed four hits. He was relieved by Rick Fancher.

Wood River collected six hits and erred four times. South committed four errors and garnered nine hits, including a sixth-inning triple by O'Shea.

One-hitter by Werner but Triad edges MHS

Trojan hurler Kevin Werner pitched a one-hitter in going the distance on the mound Tuesday during Madison High School's baseball season home opener against Triad (Troy-St. Jacob-Marine). But the Knights took advantage of 11 walks and four Madison errors to win the contest 4-3.

Werner retired the side with the bases loaded in the first inning and Madison then chalked up a 3-0 lead in the first. Steve McCunney walked,

stole second and scored on a single to right by Joe Gulash. Gulash stole and crossed the plate on a single off the bat of Cedric Wilson. Next, Wilson stole second and scored when a high fly off the bat of Emmett Timmons was dropped by the centerfielder.

Werner provided Madison's other two fifth-inning double. Triad scored runs in the second and third innings and took the fourth. The visitors totaled four walks, four stolen bases and four errors.

Softball, baseball plans in Madison

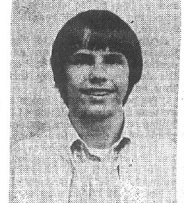

The Madison Khoury League will conduct softball and baseball registration Saturday, April 12, at the Madison Recreation Center, Seventh

Following a weekend trip to Philadelphia to help the Phillies open their home season, the Cardinals host the Mets in a 7:30 game Wednesday, April 16, and a 12:30 senior citizens' and ladies' special April 17. The Pirates will visit for the first weekend of the season, for a 7:30 game April 18, a 7 p.m. contest on the 19th and a 1:15 game Sunday, April 20.

Street and Alton Avenue, from 9 a.m. to 2 p.m. for boys and girls residing within the city of Madison.

Jim Greer, league president, noted that registration for baseball will be open to boys ages 7-16 and softball to girls ages 9-13.

Each athlete must present a birth certificate and a \$5 fee at the time of registration. This year, there will be four boys' divisions—A-boys, ages 7-9; Bantam, 9-11; Midget, 11-13; and Juvenile, 13-16. Two girls' divisions are planned—Petite, ages 9-15, and Debutante, 15-18.

CHRIS RAPOFF
Chris Rapoff in national tourney

Chris Rapoff, 15, son of Mr. and Mrs. Rapoff, 1640 Olive St., is a member of a first-year St. Louis Midget Blazer ice hockey club participating today through Saturday in the national Junior B tournament at Fort Wayne, Ind.

The Blazers, boys aged 15-16, qualified for the national competition, sponsored by the American Amateur Hockey Association, with a pair of victories last week over two Chicago clubs.

In gaining the regional title, the Blazers defeated the Chicago Saints 5-3 on goals by Butch Selman, Tom Cooke, Tom Woodcock, Tony Pupillo and Jon Gustafson.

Rapoff, a sophomore student at GCHS South, is a wing defenseman for the club, which has a season record of 40-3. He got his start in ice hockey competition five years ago with the Granite City Amateur Association.

Area men to wrestle Korean national team in exhibition program

Southern Illinois University at Edwardsville will host an exhibition wrestling match between a group of St. Louis area wrestlers and the Korean National wrestling team at 7:30 p.m. Saturday in the Gym of Edwardsville High School.

The Koreans will face some of the area's best wrestlers, including Greg Holmes, a wrestler from the University of Missouri-St. Louis; Jim Reiter, who won the Junior Olympics last summer (from SIUE); Terrell Williams of Forest Park Community College, one of the

nation's top junior college wrestlers.

Also, Kevin White, who won the Missouri state championship at 98 pounds last season (now from SIUE), former SIUE standout Jan Gitcho, of Granite City who won worldwide acclaim in the Russian nationals last year; Mike Taylor, SIUE two-time all-American from St. Louis, and Dennis Byrne, also a two-time all-American from SIUE.

Tickets for the event are \$2 each and can be obtained at the SIUE athletic office or at the gate.

Dashes spark North High in track win

Steelers track and field athletes Tuesday captured 12 events to defeat Edwardsville 58-58 in a meet held at Granite City High School North.

Earning points with first-place finishes in track events for North were: 440-yard relay squad of Steve Reinegal, Tom Stevenson, Steve Crab and Mike Donoff (45:51); Dave Kwiatkowski in the 120-yard high hurdles (1:16); 880-yard relay squad of Bob Sampson, Al Sunderlik, Stevenson and Reinegal (1:41.2).

Donoff in the 440-yard run (5:41); Kwiatkowski in the 330 intermediate hurdles (4:29); Donoff in the 220 dash (23.4); and the mile relay squad of Reinegal, Kwiatkowski, Crab and Larry Schleicher (5:50).

Steelers second and third place track finishes were by:

Schleicher, 880 run, 2nd; Donoff, 100 dash, 3rd; Crab, 400 run, 2nd; David Peters, 330 hurdles, 3rd; Mike Baker, mile run, 3rd; and Stevenson, 220

LAWYERS TO HONOR JUDGES

The Illinois Trial Lawyers Association will honor all circuit, appellate and Supreme Court justices who are presiding in the Fifth Appellate Judicial District at a dinner at the Chase Park Plaza Hotel on Friday, April 14.

It is expected that 200 to 250 persons will attend. In addition to the judges, members of the Trial Lawyers Association also are invited.

Morris B. Chapman, local attorney and vice-president of the Illinois Trial Lawyers, said that Supreme Court Justice Joseph Goldenbergh of East St. Louis will be the principal speaker at the meeting which will be presided over by Attorney Chapman.

'Y' spring emphasis on swimming, tennis

"A major shift in program emphasis is planned for the spring session at the YMCA," reports Paul Christiansen, chairman of the program committee.

"A learn-to-swim campaign to teach youngsters in the first, second and third grades basic swim strokes, a lifesaving course and a water safety instructor course to prepare leadership for the summer at pools and camps; and tennis lessons make up the major changes."

Ninety-one classes, programs and activities are scheduled for men, women, teens and youth

during the spring session. The major emphasis in most of them is exercise to stay fit and trim," Christiansen said.

Two weeks of registration have been planned to allow everyone interested time to enroll. Members may register through tomorrow, and open registration is set for April 7-12.

The classes and activities will begin on Monday, April 14, and will be conducted for seven weeks through May 31.

Alphabetically, the list of activities includes the arcade, basketball, belly dancing, exercise classes, family swims,

Fish swim class, fitness swims, jogging, judo, lifesaving, porpoise swimming instruction, shark swim class, social dance class, tadpole swim class.

Tennis, Tri-Hi-Y clubs, volleyball, water safety instructor course, weight room and wrestling.

"When you have classes for the various age groups in many of the activities, it makes for a busy schedule in the gym, pool and various rooms at the YMCA," Christiansen comments. He is hopeful of just such a busy situation throughout the spring.

Cooperative work-school plan by GC Steel, SIUC

Fifteen undergraduate students at Southern Illinois University at Carbondale will forsake the ivied walls this summer for real-world classes at places like the Caterpillar Tractor Co. in Peoria, Granite City Steel in Granite City, and the Federal General Services Administration in Chicago.

They'll be payroll workers who've taken a good-odds gamble that the extra time it takes them to get a degree will pay off when they get it—in the form of a job.

The 15 undergrads and women make up the vanguard class of a new SIUC program dubbed Co-op, a convenient handle for "Cooperative Education."

In it, they can go to school and work at the same time, or alternate semesters between school and work at businesses, industries and agencies that have agreed to join SIUC in the project.

S. Lee Wohlend of SIUC's Career Planning and Placement Center is directing the program and he hopes to have 50 to 75 Co-Op students shuttling between campus and corporation by the summer of 1976.

Wohlend says the program, partly supported by a \$10,000 federal (HEW) grant, differs markedly from the so-called work-study projects of long standing. In those, the main objective is to hold down a job to

earn money for school. In Co-Op, he says, the idea is to gain experience (and dollars) in a field related to an academic study area, and thus be better equipped to land preferred employment after graduation.

The student who chooses the alternative program—a semester of school followed by a semester of work during the undergraduate career—will have to stay in school up to a year longer than his classmates," Wohlend says.

"But by the time he graduates, he'll have the equivalent of two years of working experience. He'll actually be a year ahead of those who graduated before him."

Steel firms taking part in the project want freshmen and sophomores so they'll have part in three or four work sessions before graduation.

Work-station pickings are easiest now for engineering and technology students. "Right now we have more co-op openings in those areas—as well as clothing and textiles—than we have majors to fill them," Wohlend said.

Co-op companies in the project fold include Granite City Steel, Emerson Electric (St. Louis), Caterpillar Tractor Co. (Peoria), Deere and Co. (Moline), Turn-Style of Chicago (a general merchandising chain), Southern Railway (Atlanta), General Services Administration (Chicago), and the Energy Research Development Administration (Oak Ridge, Tenn.).

Local Amvet leaders are completing plans for a visit to the Quad-City area of National Amvet Commander Essley B. Burdine of Decatur, Ga., who is scheduled to arrive at Amvet Monday at Quad-City Amvet Post 51.

The Amvets' top officer also will pay a call Monday afternoon at Madison Post 204, leaving there for Mount Vernon and a visit at Amvets Post 4 the same evening.

Post 51 Commander Earl Smith said a luncheon and reception are planned for noon Monday at the Post Home, 5100 Lakeview Drive.

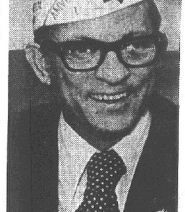

Commander Burdine will be accompanied here by Kenneth Mullins, Illinois Amvets commander, and other state officers.

Also in the official entourage will be Mrs. Grace Osburn, National Amvets Auxiliary president, and Mrs. Marie Duller, state auxiliary president. Both are from the Chicago area.

A practicing attorney in Atlanta, Ga., Commander Burdine is a life member of Atlanta Post 1. He was elected to the national position last fall after serving in elective and appointive capacities at post, department and national levels.

At the national level, he served as vice commander for programs; national executive committee member for 12 years and as trustee of the Amvets National Service Foundation.

Commander Burdine is a World War II Army veteran. He is a former deputy director of the Georgia State Board of Workmen's Compensation, director of the Metropolitan Psychiatric Center in Atlanta and the Park Enterprises and

ESLEY B. BURDINE of Decatur, Ga., national commander of Amvets, who will visit Quad-City Amvets Post 51 at noon Monday and Madison Post 204 that afternoon.

Foundation Guidance Center. He is a graduate of the Mercer University of Law, Macon, Ga. His brother, the late Dr. Winston E. Burdine, served as Amvets national commander in 1958-59. His wife, the former Doris Lykors Burdine, visited here two years ago as president of the Amvets National Auxiliary. They are the parents of four children.

Post 51 officials have issued an invitation to all area Amvets to meet the national commander at the noon luncheon event Monday.

Masquers perform on weekend

The Masquers, Inc. will present "Butterflies Are Free" Saturday and Sunday at the BAC Miners Theater in Collinsville.

Tickets are \$2 for adults and \$1 for students and will be available at the door.

Both performances begin at 8:15 p.m.

"Butterflies Are Free" is a comedy by Leonard Gers. The play is about Don Baker, a young blind man who moves away from home and the protective aprons of his mother.

His mother, Jill Tanner, a free-spirited young woman who occupies the neighboring apartment. When the young man's mother visits his

Greenwich Village apartment, she disapproves of both the apartment and the young lady. The light comedy of the earlier moments of the play gradually gives way to the serious drama of a young couple struggling to understand themselves and each other.

Robin Nunn of Granite City, a theater major at Southern Illinois University at Edwardsville, plays Don Baker.

Cheryl Floriatos and Marella Zaganelli of Collinsville play Jill Tanner and Mrs. Baker. Jim Fensterman of Alton is Ralph Austin, a rival suitor to the young Jill.

Jim Swanick of Collinsville, a teacher at Grigby Junior High School, is the director.

Students aiding communities as volunteers

University students apparently are more community conscious than ever before. At Southern Illinois University at Edwardsville, volunteer service is growing rapidly through the Community Involvement Project (CIP), which was initiated by the Student Activities Office.

According to Tim Tighe, coordinator of the student organization, CIP is one of the strongest ties the campus has with its surrounding communities. Approximately 60 to 70 SIUE students are doing volunteer work in an area that reaches from Alton to East St. Louis. Students volunteer for duties that range anywhere from heavy sand bags on the Mississippi River levee to reading scriptures to senior citizens in nursing homes.

"It gives students an opportunity to be important in any number of situations. It's appealing to them. It's relevant," Tighe said. "They care very much about what happens to different segments of our society, especially

COMMUNITY INVOLVEMENT PROJECT volunteers at Southern Illinois University at Edwardsville assist with a wide range of activities both on and off campus, including services to disabled students. those segments unable to take care of themselves."

During last year's floods, SIUE students from CIP aided flood victims by collecting canned goods and clothing. They sandbagged low-lying threatened areas, staying up all

night and going to class the next day. The CIP office acted as a referral agency for other social agencies.

In local nursing homes, SIUE students read letters to patients, play cards and chess with them and help

with recreation activities. Sometimes, they simply sit and visit with the old people.

The student volunteers spend time in day care centers, helping take care of the children. They play with them, take them to

shopping centers and act as companions to children they feel are missing the attention of someone older.

On the SIUE campus, CIP volunteers act as drivers for blind students, wheel-handicapped students from class to class, and tutor slow learners. They also tutor students in area high school and grade schools. Recently, one of them walked 26 miles in a walkathon to raise money for three overseas projects. The variety of duties they volunteer to perform is limited only by their imagination, Tighe said.

Lynette LaHay, an SIUE student from Edwardsville, tutors residents of institutions in reading and math. "Some of the people are so advanced, they want to take the General Educational Development test," Lynette said. She pointed out that many of the people have lived in institutions all their lives and have never been given a chance to learn.

Why do the students spend so much of their spare time helping others?

Barb Brennecke, a student from Morrisville, Pa., said, "To share a part of ourselves with others." Lois Meiner, another SIUE student from Nashville, Ill., added, "It's a matter of self-satisfaction." CIP has attracted not only SIUE students, but their instructors as well. "An English professor has offered to read to blind people or tutor students having difficulty in their English courses," Dave Sampson, a student from Edwardsville, said. "There are many people on campus like that. They are already committed to many other responsibilities, but they still want to help," he said.

CIP Volunteers invite speakers to the campus to discuss current political issues. One year they held a Youth Fair for high school students. Businesses and government agencies send representatives to the fair to explain their programs to the students.

Their biggest project is the senior citizens fair held on campus each spring and fall. "At first, the senior citizens had reser-

vations about coming to the campus. Many of them didn't like the image of long-haired students. They thought the university was a different world from theirs completely," Tighe said.

"Now the fair is the big social event of the season, looked forward to by our elderly friends. Our facilities have been made available to them and our students have become involved in making them feel welcome. The rapport between SIUE students and the older generation is excellent. A great relationship has developed between the two age groups," Tighe said.

The senior citizens walk through the front door and they keep right on walking. They like what they see and they return year after year. They want to participate in all of our activities," Tighe said. Today there are classes at the University aimed at the older group and the classes are filled.

"This campus is part of the community. The citizens that helped build this university are part of us. If we can use our resources and facilities to help them, that's great. It brings the community closer to the university," Tighe said.

John Stamps guilty in riot murders

John Stamps, 35, of Granite City, is to be sentenced May 9 in the murder of three Menard Penitentiary guards in November 1965. Stamps was found guilty of the charge by a circuit court jury at Springfield, Ill., Monday, following two hours deliberation.

The verdict Monday was the second conviction of Stamps on the murder charges. The first was in August 1966, but the Illinois Supreme Court found technical errors and ordered a new trial.

Stamps originally was sentenced to prison for a life term for killing an acquaintance. Those killed in the Nov. 23, 1965, riot at Menard were guards Lewis Paul, George Wilson and Arthur Kisto.

Two other inmates found guilty with Stamps in the 1966 case have been re-sentenced.

Sentencing May 9 is to be pronounced in the court of Judge Harvey Beam at Springfield.

STEAL DESK
A desk worth \$125 was stolen from the mobile home office at Burton's Storage and Van Co., 2200 Chain of Rocks Road, Mitchell, it was reported Monday. Officials said they thought the south rear door of the office may have been left unlocked.

Caring for people' is Salvation Army goal

Caring for people is the Salvation Army's goal and the Army is doing well in the Quad-City area. Dr. Raymond McCallister, a member of the general board of the Christian Church (Disciples of Christ) stated.

Dr. McCallister addressed the annual civic meeting of the local Salvation Army, which serves the Quad-City area and the southern part of Madison County, Tuesday evening at St. Peter's United Church of Christ Fellowship Hall.

"I need organizations like the Salvation Army to balance my mental diet," Dr. McCallister said. "In this day of social upheaval, there still are those who care, and we of the community need to back them with our time, talents and treasure."

Mrs. Fanny Epstein, the dinner chairman, said, "Do your very best and let God do the rest" was a motto for the evening.

her mother that would apply to

the work of the Salvation Army. The officers of the 1975 advisory board introduced were Steve Bristol, chairman; Richard West, vice chairman; Rev. Robert Kettlehut, secretary, and Edward Stone, treasurer.

Bristol paid a special tribute to the top three organizations that volunteered their time manning the traditional street corner Christmas Kettles, Tri-City Shrine Club, Granite City Rotary Club and the Moose Lodge.

A report on the "Tree of Lights" program showed 3,340 individuals assisted, 900 nursing home patients and shut-ins receiving gifts, 246 in the "Clothe a Child" program; 459 Christmas baskets distributed, with another 376 baskets referred to other organizations. 181 Scott Air Force Base hospital patients receiving gifts and 1,824 toys distributed.

During the past year, the

Salvation Army has provided 12,000 items of clothing, material assistance was provided to 800 persons, assisted 2,404 other persons and provided emergency lodgings for 32 people.

The Salvation Army was founded in the 1860's by Rev. William Booth, a street corner preacher and winner of souls in the London slums who found that his never-dwell converts were not exactly welcomed in the established churches of Victorian England.

Capt. Kerley announced the building site has now been secured and is located in the 3100 block of E. 23rd Street. "Now watch us grow," he commented.

REVIEW BUILDING PROGRAM. Prior to the Salvation Army annual dinner meeting Tuesday evening in St. Peter's United Church of Christ Fellowship Hall, leaders reviewed the local Army's building program. From left, Steve Bristol, Salvation Army board chairman; Mrs. Fanny Epstein, civic dinner chairman;

Dr. Raymond McCallister, speaker of the evening who is a member of the general board of the Christian Church (Disciples of Christ), and Capt. and Mrs. Ronald J. Kerley. It was announced by Capt. Kerley that the building site in the 3100 block of E. 23rd Street has been secured.

Jaycee-Ettes aid children's clinic

The Granite City Jaycee-Ettes met for dinner Tuesday evening at the Round Table Restaurant, Collinsville, and later returned to the home of Mrs. Wanda Hill for a business session. Mrs. Pat Aleman was the hostess.

Members volunteering to serve at Saturday's immunization clinic at St. Elizabeth Hospital, include Mrs. Carolyn Jones, Mrs. Peggy Hoffmann and Mrs. Aleman.

The handmade article for April was awarded to Mrs. Nancy Krause. Also presented were Mrs. Janis Weible and Mrs. Marlene Ross.

GASOLINE STOLEN
Glady's McChen of Edwardsville reported to Venice police at 10:45 p.m. Wednesday that while her car was parked in the parking lot at the Venice-Madison American Legion Post 307, gasoline was stolen from the gas tank and the car was entered. An eight-track tape player and several tapes were stolen.

Renewal services at Concordia

Pastor Delbert Rossin, B.D., of Faith Lutheran Church, Geneva, Ill., will be guest speaker at three Renewal Services at Concordia Lutheran Church, 23rd Street and Grand Avenue, Sunday, Monday and Tuesday evenings.

The services will be directed toward the increase of and appreciation of the work of the Holy Spirit on the hearts of individuals and the parish as a whole, the Rev. Arvin Twietmeyer, Concordia pastor, said. "For some time at Concordia we have felt the need for increased power for living a life which would be a better witness to Christ. The early Christian Church had great power. Why can't we?" Pastor Twietmeyer questioned.

The speaker's topics for the three special services are "Renewal in Christ," "Empowered in Christ" and "Living in Christ."

Since 1970 Pastor Rossin and his Geneva congregation have been experiencing the renewing work of the Holy Spirit. Today, Faith Lutheran is known as a faithful community of committed Christians united together in the "Whole Gospel" ministry of Jesus Christ. "Whole Man," it was explained.

The Rev. Rossin is an elected officer of the Northern Illinois

REV. DELBERT ROSSIN
Concordia Speaker

District of the Lutheran Church-Missouri Synod, serving as circuit counselor since 1970. Pastor Rossin is a member of the steering committee of the International Lutheran Conference on the Holy Spirit in Minneapolis, Minn., which last year saw 18,000 in attendance.

Central European trip featured

A trip made last summer to Central Europe by Mr. and Mrs. Roy Lynn was reviewed by the couple Monday evening for members of Travelers Abroad at Prather Junior High School. Colored slides used to illustrate their talk showed scenes in nine countries.

Among the outstanding points of interest presented were Paris and the French countryside; Switzerland and its magnificent Alps where Hannibal crossed through St. Gotthard Pass centuries ago enroute to the invasion of Italy; and the Brenner Pass, meeting site for Hitler and Mussolini in World War II.

In Italy, the Lynns visited Genoa, birthplace of Columbus and the great cathedrals at Milano, Florence, Rome and Venice.

A boat ride from Pescara, Italy, on the Adriatic Sea to Split, Yugoslavia, was presented as an enjoyable

experience. Pictures of Split, a resort city on the Adriatic coast and Opatica on the Dalmatian coast were shown.

Slides also featured the Postojna cave, Innsbruck, Austria, and the infamous Dachau concentration camp. Contrasting sharply with the latter scenes were those taken during a Rhine River cruise and visits to the Duchy of Luxembourg, Belgium, Rotterdam, Amsterdam and the Marken Island, noted for its 200-year-old traditions.

The travelogue concluded with scenes at a "surprise coffee" hosted by the Dutch driver and his wife who escorted the tour group.

Lynn presided at the meeting that welcomed as guests, Mr. and Mrs. Charles Thurber, Mrs. Geneva Wallis, Miss Millie Nagel and Miss Mabel Stewart. Refreshments were served to 30 members and the visitors.

Commission teens arrange hunt

Several teenage members of the Mexican Honorary Commission conducted an Easter egg hunt for younger children at the club building, 1801 Spruce St., during the weekend.

Birthday buffet at Kukarola home

James Jeffrey "J.J." Aleman, son of Mr. and Mrs. Louis Aleman Jr., 2816 Dogwood Drive, celebrated his second birthday during the weekend at the home of his maternal grandparents, Mr. and Mrs. George Kukarola of Cleveland Boulevard.

The observance also marked the birthdays of the youngster's grandfather and his uncle, James Kukarola, 12.

An Easter "bunny" theme was carried out in the table appointments and the centerpiece was a birthday cake, decorated to resemble a train. A buffet luncheon was served by the host couple.

Among the guests were Mr. and Mrs. David Cruise, Mr. and Mrs. Gerald Rosenberg and son, Jeffrey; James and Carl Kukarola and the honoree's brother, John Aleman, 5.

Youngsters under 5 years hunted for eggs inside the building due to inclement weather and prizes were awarded to Jeanine Robles, who found the most eggs and Christie Reading for discovering the gold and silver eggs.

Six-to-9-year-old children held their hunt outdoors. Prizes were won by Marian Valencia, most eggs; Robbie Carpenter, silver egg; and Anita Robles, golden egg.

Winning awards in the 10-to-12-year-old group were Ronald Grin, most eggs; Becky Carpenter, silver egg; and Rhonda Sanders, golden egg.

Hot dogs, potato chips, cupcakes and beverages were served the youthful guests and the Easter "Bunny" made a surprise visit to the party.

Planning the event were Monica Grin, Della Antoff, Sarita Garcia, Julia Mendoza, Mark Howell, Wesley Grin, Juan Ortiz and David Bridget. The commission members will meet at 2 p.m. Sunday at the new club facility, Robert Robles, president, advised.

HELP US CELEBRATE OUR 61st BIRTHDAY

Sixty-one years of progress... Back in 1914 when C. W. Marshall founded Tri-City Grocery Co. with one store in Granite City... people were singing the pop songs "St. Louis Blues", "When You Were A Tulip And I Were A Big Red Rose", "Twelfth Street Rag" and "Missouri Waltz". Henry Ford set a new standard for labor wages when he fixed a five-dollar minimum for an eight-hour day... U.S. citizens had to start paying income taxes... the Panama Canal was opened and World War One was started...

So through two world wars and two major depressions, the Tri-City Grocery Company has carried on, progressing slowly and soundly, expanding only when the organization and facilities were able to handle the job capably. As we start our 61st year, we sincerely thank our good friends and customers of the past three generations for the fine support you have given our stores.

BRIDE-ELECT. Miss Kristy Ann Kowalski, whose engagement to Gary Louis Schwendeman is being announced by her parents, Mr. and Mrs. Thomas Kowalski, 2418 Grand Ave. An Aug. 2 wedding is planned.

Kristy Kowalski is engaged

Mr. and Mrs. Thomas Kowalski, 2418 Grand Ave., are announcing the engagement and approaching marriage of their daughter, Miss Kristy Ann Kowalski, to Gary Louis Schwendeman, son of Mr. and Mrs. Claude Schwendeman, 17 Shirlin Drive.

Miss Kowalski is a 1975 January graduate of Granite City High School South. Her fiancé was graduated in 1974 from South High School. He presently is employed at Dan's Produce in Collinsville.

The betrothed couple will be married on Aug. 2 at Sacred Heart Catholic Church.

Women's Division flowering tree sale.

The Women's Division of the Chamber of Commerce of the Tri-Cities will hold its fifth annual sale of flowering crabapple trees from 5:30 p.m. to 7 p.m. Friday, April 11, and from 9:30 a.m. until 5 p.m. Saturday, April 12.

As in previous years, the project is not geared to making a profit, but to encourage area residents and business firms to help beautify the community by planting the trees. Mrs. Jo Meyer, Women's Division beautification chairman, said today.

The two-day sale will be conducted outside Schnuck's Market in Crossroads Shopping Center, 3901 Nameoki Road, and at the First National Bank in Madison, 600 Madison Ave. Only 100 Dorthea Flowering Crabapple trees will be available this year, at a cost of \$3.50 each, Mrs. Meyer noted.

The trees already have arrived and average about five feet tall. Orders will be accepted in advance of the sale dates by calling the Chamber office, at 876-6400.

Mrs. Meyer pointed out that the Dorthea Flowering Crabapple specie attains a height of 25 feet and may be successfully grown in yards, patio areas or as a street tree. Its dense branches produce a vivid crimson semi-double blossom and the fruit is a half-inch in diameter, she said.

"It is a hardy tree and grows almost anywhere. Many trees purchased in previous sales can be seen about the community, especially when blooming in the early summer months," the beautification chairman commented.

HOMES FROM EUROPE
Mr. and Mrs. King Bush of Big Four Place and Mr. and Mrs. John Steward have returned home from two weeks abroad. They flew to Italy and went by car to visit Amsterdam, The Hague, Rotterdam, Pisa, Rome and the countryside of Holland.

Mrs. Dorothy Oliver of Old Alton Road entertained the Merry Belles Club at her home and served a buffet lunch. The evening was spent at games and prizes were awarded.

Those present included Mesdames Ruthanne Weeks, Linda Morelan, Eunice Price, Ellen Fronabarger, Emma McGahan and Lois Weeks.

The next meeting will be held April 23 at the home of Emma McGahan.

Mr. and Mrs. Jerry Weeks and children, Ryan, Tammy and Shawn, of Old Alton Road and Mrs. Lois Weeks spent two days visiting Mr. and Mrs. Arthur Ghys of Elkland, Mo., and Mr. and Mrs. Bill Ghys and family of Springfield, Mo.

Mrs. Wanda Ogden, 3025 Ash Ave., entertained the Hills Terrace Birthday Club at her home.

Games were played, with all present receiving prizes. They were Mrs. Jeri Scheib, Mrs. Florence Penrod and Shari and Donnie Ogden.

Mrs. Penrod will be the hostess at her home for the April meeting.

Mr. and Mrs. James Scheib, 4029 Mueller Ave., held an Easter egg hunt and dinner at their home.

Those attending were Mr. and Mrs. Ed Phinney and Mrs. Jo Milwood of Florissant, Mo., and Mr. and Mrs. Joseph Kostoff and children, Joey and Dawn, Mr. and Mrs. Norman Richter and family and Miss Karen Scheib.

THEFTS OF UNIVERSITY PROPERTY ARE ALLEGED
Three residents of Tower Lake Apartments on the campus of Southern Illinois University at Edwardsville have been ordered to appear in circuit court April 10 to answer charges of theft of university property.

Mark L. Vandiver, 19, and Kevin S. Lewman, 19, are alleged to have stolen three rugs from the Peck Building. Bob P. Kraly, 19, is accused of taking a rug from the Communications Building. They were released on their own recognizance pending the court hearing.

Bryson, Mr. and Mrs. Daniel Vallo and Mrs. Alma Ramey and son, David, have returned home from Kosciusko, Miss., where they spent the Easter weekend visiting Mrs. Ella Massey.

Plans are being made for an annual queen crowning. Girls between the ages of 14 and 18 may enter the contest by calling Betty Waters at 831-3289 after 6 p.m., no later than April 10. A parade headed by "Piccolo Pete" Routh has been planned for the start of the Little League baseball season.

Reviews legislation for women

"Legislation Involving Women" was the topic of Darlene Heer, assistant county adviser for the Madison County Homemaker's Extension Association, who spoke Tuesday afternoon at a Trio Unit meeting at Hope Lutheran Church. The speaker reviewed various bills before the state legislature of interest to women. "Today's Health Knowledge" was the health lesson quiz conducted by Mrs. Bea Rittenhouse.

Mrs. Ellen Ozanich, unit chairman, presided. The officer and Mrs. Trudy Bouwman reported on the recent homemakers' state conference at Urbana. The event, attended by 700 women including 47 delegates from Madison County units, focused on the theme—"We Can Change the World."

Miss Thomas is shower honoree

A pre-wedding party honoring Miss Linda Thomas was given during the weekend by Mrs. Kenneth R. Neukam Jr., sister of the bride-to-be, in her home, 1621 Venice Ave. The shower appointments were in white and yellow, with white wedding bells and a yellow parasol suspended above the gift table. Miss Thomas, a daughter of Mr. and Mrs. David Thomas of Granite City, will be married Friday by Steven Pears, son of Mr. and Mrs. Floyd Pears. The wedding will take place at St. Joseph Catholic Church.

Games were played at the party and prizes were awarded to Mrs. Debbie Geggus, Mrs. Dawn Thiel, Mrs. Jane Kennerly and Miss Donna Paterson. The hostess served cake and punch to those named and to Mrs. Pat Thomas, mother of the bride-elect; Mrs. Geri Smallic, a sister and her mother of honor; and Mesdames Nancy Stagganborg, Camille Jones, Rose Janek, Rose Marie Schmidt, Rose Marie Nagy, Miss Kathy Gervers and Miss Laurie Neukam. Games were played at the party and prizes were awarded to Mrs. Debbie Geggus, Mrs. Dawn Thiel, Mrs. Jane Kennerly and Miss Donna Paterson. The hostess served cake and punch to those named and to Mrs. Pat Thomas, mother of the bride-elect; Mrs. Geri Smallic, a sister and her mother of honor; and Mesdames Nancy Stagganborg, Camille Jones, Rose Janek, Rose Marie Schmidt, Rose Marie Nagy, Miss Kathy Gervers and Miss Laurie Neukam.

A dessert course was served by Mrs. Mable Gertsch, Mrs. Rensing and Mrs. Rittenhouse to 34 members and two guests, Mrs. Beverly Drennan and Mrs. LeRoy Meyers of Deerfield, Ill.

Antique, decorator shows are popular

More than 1,000 antique lovers showed up at Southern Illinois University at Edwardsville recently to ogle, handle and haggle over primitives and collectibles from yesteryear. People attended the Antiques and Decorator Show from as far away as Kentucky and Tennessee.

For some visitors, looking was sufficient. Women peeked into dusty drawers as though they expected to find grandmother's clothing still inside. They scrutinized glass buttermilk tumblers, old potty chairs, tinware and custard glass vases. They compared prices on china calendar plates, oil lamps, and depression glass.

As a middle-aged housewife admired a set of doll house furniture like a set she once owned, her husband waited nervously, eager to move away from her paper-doll memories. Another husband told his wife, "If you had bought just one more cruet, we wouldn't have any money left for our lunch."

At a booth advertising refinished furniture, an

elderly lady with an ample lap tried out a rocking chair. As she rocked away the years, she clutched her handbag to her middle as though it had been one of the children.

Not all the shoppers were women. Men turned out in droves to eye the antiques. They examined old lamps and cane-bottomed chairs. They poked around in old trunks, looking for bargains. One man, wrinkled with years, rubbed his stiffened fingers over a set of ivory and wood dominoes, recalling the game he once played on a front porch long ago.

A dealer pointed out that many people start out as collectors and only become dealers when their homes become over-crowded with antiques. Apparently, they are almost sorry when they make a sale. "Selling one of their antiques is like losing a child. It makes them sad," the dealer said.

Mrs. E. A. Jarvis, a dealer from St. Louis, looked wistful when she completed the sale of an exceedingly rare lamp.

LOOKING FOR BARGAINS—Surrounded by china plates, beer steins and oil lamps, a visitor to the Antiques and Decorator Show at Southern Illinois University at Edwardsville is framed in the mirror of an old dresser. Over 1,000 people attended the two-day show, some of them traveling from as far away as Kentucky and Tennessee.

"I could just see it in an old country home, hanging from a high ceiling," Mrs. Jarvis said. Apparently, her satisfied customer thought so, too.

The Antiques and Dec-

orator Show is sponsored each year by the SUE Friends of Lovejoy Library. Proceeds from the show are used to purchase materials not provided by state funds for the University library.

Donations to the library also come from the antique dealers themselves. This year, one of the dealers allowed members of the Friends to pick out pieces

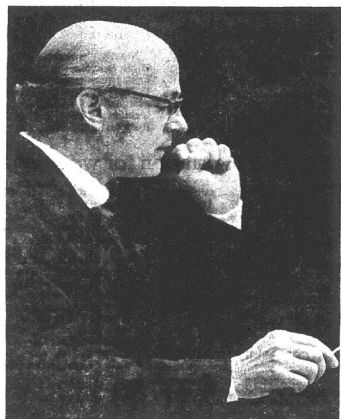

of old sheet music to include in the library's music archives. Another dealer offered the library some ancient Edison records.

At intervals during the two-day show, Marianne Kozlowski, music librarian and a member of the Friends, played ragtime

tunes on the piano for the enjoyment of the shoppers. Grey-haired couples gathered around the piano to listen.

One couple returned the second day of the show just to listen to Scott Joplin songs. They said Miss Kozlowski was playing the music they grew up with.

"Despite the state of our economy, antique shows are doing well," Mrs. Sheila Stimson, executive secretary of the Friends and manager of the show, said. "People who can afford luxury items are still spending money on antiques. They think antiques are good investments."

JOHN D. KENDALL, professor of music and head of the string development program at Southern Illinois University at Edwardsville, clinches his hand for emphasis while directing the University Chamber Orchestra. Kendall is president of the Suzuki Association of the Americas, which promotes the Suzuki "listen and play" technique of teaching violin, cello and piano to children, even those as young as three years of age.

Allen Coxs celebrate 40th year

Big cut in SIUE energy, fund use

A comprehensive report indicating savings of hundreds of thousands of dollars through economy measures which have been and will be instituted by the business affairs office at Southern Illinois University at Edwardsville was released today by B. D. Hudgens, vice-president for business affairs.

Hudgens said the actions are necessary to comply with budget reductions and to effect energy conservation.

Departments and services affected include physical plant operations, building maintenance, security, telephone service, transportation service, micro-records service, copy centers, publications, and auxiliary enterprises, including the branch post office and textbook rental service.

As a result of the economy measures already in effect:—Consumption of natural gas has been cut by one-third and electricity by one-fifth in the final half of the past year compared to the same period in 1973.

—Maintenance of grounds has been reduced by 65 per cent since 1971.

—Housekeeping personnel have been reduced by 15 per cent and building engineers by 25 per cent since 1971.

—The architectural and engineering section budget has

been cut nearly 70 per cent in four years.

—Security is operating with fewer personnel than in any year since 1969.

—Telephone lines, extensions and touch-tone systems have been removed for a total annual savings in excess of \$50,000.

—The transportation fleet has been reduced by 20 automobiles, resulting in an annual mileage reduction of 600,000 miles and an annual savings of \$90,000 at today's costs.

—Over \$4,000 per year is being saved since the university installed its own fueling facility in 1973.

—Substantial savings have been effected by using third class mail rather than first class. Two departments have qualified for second class mailing permits.

—Textbook service is saving \$50,000 to \$60,000 per year through return credits from publishers for unused inventories.

Hudgens said additional savings are planned by reducing telephone service costs and toll charges. Savings are expected to exceed \$15,000 per year, he said.

In April 1975, the academic units expect to institute a system of copy machine reduction which is estimated at

nearly \$33,000 per year savings, the vice-president announced. The University Security Office reports it is cutting driving 15 per cent this year. New publications are not being funded by University Graphics and Publications, and regular publications have been placed on restricted schedules.

Hudgens said cost-cutting has been complicated by inflationary pressures. He cited a 43 per cent cumulative increase in the cost of salaries, commodities and contractual services for building operations and maintenance as typical of the cost increases the University has had to deal with.

Despite these increases, and a 20 per cent increase in the amount of space being maintained, the operation and maintenance cost per square foot has been reduced from \$2.05 to \$1.98.

Savings in consumption of natural gas and electricity have been offset by energy unit costs which increased nearly 25 per cent in the past year. The cost of autos has risen by over 70 per cent in five years, gasoline is up 91 per cent, trucks up 72 per cent, and antifreeze, 220 per cent.

Hudgens said inflationary pressures have forced the university to find more efficient ways to operate. Generally, programs and services have not been eliminated. In some cases, efficiencies have resulted in marked improvements, he revealed.

"For example, SIUE will save an estimated \$3,300 a year

Construction worker injured

Donald Liefer of Red Bud was injured shortly before noon Tuesday at the construction site of two new classroom buildings on the campus of Southern Illinois University at Edwardsville.

Liefer was given first aid by SIUE Health Service and was taken by ambulance to Wood River Township Hospital, where he was treated and released.

SIUE security officers said Liefer, an employee of Quality Steel Metal Co., was helping unload a galvanized steel cabinet when the cabinet apparently slipped and cut his left shoulder.

on its electric utility costs despite a 300 per cent increase in lighting intensity on walkways in the mail area," Hudgens said.

"Footcandle power was increased from 25 footcandles to one footcandle in mail fixtures, but 110 fixtures have been changed from 250-watt units to 175-watt units. Even though the units use fewer watts of electricity, illumination was boosted by changing the style of bulb in lighting fixtures.

A few of the economy measures have produced compliments instead of gripes. Some people actually prefer the unbleached paper towels now being used in university restrooms, the vice-president said.

ERA coalition plans rally

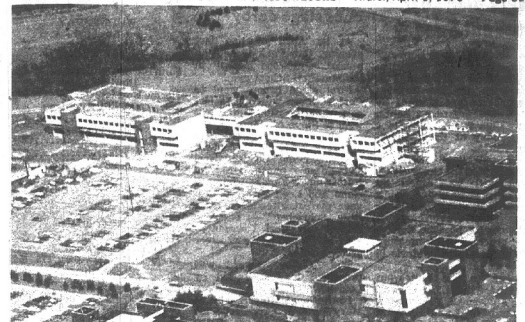

The Illinois ERA Coalition will hold a public rally beginning at 11 a.m. Wednesday, April 9, in Springfield at the state capital building. ERA groups in all parts of the state are arranging to attend the rally by bus.

Prominent speakers and legislators will be on the scene to speak with groups and individuals in attendance. Common Cause, the Citizens' Lobby, endorses the ERA Amendment, and is arranging for a local group of ERA supporters to attend. Transportation by bus is being planned because of parking problems and in order to save on fuel. Interested persons needing transportation may call Martha Fields at 777-7146.

HOFFMANS NAME NEW SON SHAUN PATRICK

The birth of a son March 30 to Mr. and Mrs. Dennis Hoffman, Lemont, Ill., was reported here this week. The child, born in St. Joseph Hospital at Joliet, Ill., has been named Shaun Patrick Hoffman. He weighed eight pounds, six ounces at birth.

Mrs. Hoffman will be remembered here as Miss Pat Bringer, daughter of Mr. and Mrs. Charles Bringer, 2610 Grand Ave. Paternal grandparents are Mr. and Mrs. Leroy Hoffman of Bolingbrook, Ill.

GROWING—An aerial view of the construction of two new classroom buildings at the Southern Illinois University at Edwardsville campus indicates the structures are beginning to assume their finished appearance. The \$14.4-million project is scheduled for completion next year. The new buildings will provide space for 160 laboratories, 38 classrooms, 29 seminar rooms, 38 tutorial spaces, 10 observation rooms, 6 studios, 237 offices for faculty and staff, and 29 general offices.

GC wins more flood aid

The Flood Disaster Administration at Washington has allocated an additional \$176,220 in disaster flood aid to Granite City, Mayor Paul Schuler was informed yesterday by Thomas P. Dunne, FDA director.

Schuler said the additional money will be made available as the result of an FDA ruling upholding payments made by the city for dewatering and bypass pumping in a series of sewer repairs made during 1973 and 1974. These funds had been ruled out by the U.S. Army Corps of Engineers as being ineligible for flood disaster aid.

The city appealed the earlier decision rejecting the pumping and dewatering claims, contending the processes were essentially a part of sewer repair costs. The Bovay Engineering Co., of Houston, Tex., an engineering firm retained by the government to make an inspection and ar-

bitrate the dispute, ruled in favor of the city.

Schuler said the FDA reduced the amount of claims for dewatering from the \$2,500 per day cost to \$1,785 per day in computing the \$176,220 allotment.

The new funds do not include any part of those claims which now are at an appeal stage on costs of mobilization and demobilization costs of the contractors for Granite City sewer repairs.

According to Mayor Schuler, the \$176,220 will be in addition to \$532,000 already received in flood disaster aid, which represents 75 per cent of \$710,000 in claims approved thus far by the FDA.

New Venice housing code now in effect

The Venice City Council was reminded by Harry E. Hartman, city attorney, Tuesday night that the Venice housing code became effective April 1.

Copies are being sent to all residents residing both in and out of the city.

Copies of the housing code have been printed in pamphlet form and are available at the city hall. The code establishes minimum housing standards for Venice and provides for occupancy permits for dwellings.

City Engineer Jack Tolliver reported, "Work on the Broadway underpass is still delayed due to the water table and wet ground conditions. The contractor is really not far behind and if we get a break in the weather, work could resume by May 1 or before."

Tolliver also noted that a rock dike about 200 yards below the Merchants Bridge was built by Robert E. Lee, noted civil war general, when assigned to the Corps of Engineers in the St. Louis area prior to the war. He said this might be of historical significance for the United States Bicentennial.

Attorney Hartman was instructed by the council to draft an ordinance that would force property owners to cut down high weeds on vacant lots.

If landowners do not cut the weeds after the ordinance is adopted, the city could cut them, charge the landowner and place a lien on the real estate if not paid, according to the attorney.

The council approved a "road block" for the annual cancer drive from 9 a.m. until 1 p.m. on Saturday, April 12.

Mayor William M. Ebersoldt instructed the senior citizen committee to get full details on an eight-day trip for which the Silver Bells group has requested transportation.

Mayor Ebersoldt reported that Granite City Steel has donated steel for six large signs

in the shape of a basketball that will be painted and placed in various locations, noting the fact that the Red Devils of Venice High school are state Class A basketball champions.

The council by a 7-1 vote Tuesday night approved a package liquor license for the Tri City Grocery Company store in Venice, effective May 1.

Second Ward Alderman Hank Svezia, voting against the license, told the council, "I think this is wrong and we are going to catch a lot of heat. It is too close to schools to suit me. I think a grocery store should be just that—a grocery store and not a liquor store."

Svezia alleged failure to control grocery carts and said he counted 37 around the city during the weekend, with several in streets.

Hugh Hairston, local chairman for the National Association for the Advancement of Colored People, reminded the council that Mrs. Margaret Bush Wilson, chairman of the NAACP national board of directors, will be in Venice Thursday, April 12.

Hairston said Mrs. Wilson will visit the City Hall at 7 p.m., prior to her public appearance at the Bethel AME Church at 8 p.m.

An antique clock was presented to the council by the family of the late Dr. John E. Lee Jr. for the council chambers. The clock that hung in the old First National Bank building for nearly 40 years was placed between the pictures of Dr. John E. Lee Sr. and Jr., both of whom were mayors of the city of Venice and presidents of the bank.

The council accepted a McKinley Toll Bridge report for March which shows 216,585 vehicles crossed the bridge for a daily average of 6,977.

A police report listed 45 arrests and \$527 in fines collected.

GIFT OF \$600 is presented by Carl Coleman, left, manager of the Tri-City Grocery at Venice to Mr. and Mrs. Richard Stanton of Granite City. The presentation brought to \$19,200 the total of cash gifts presented to store customers.

2nd fire at grain plant

Granite City firemen were called to the Archer Daniels Midland Grain Co. plant (formerly Union Starch and Mills Laboratories) at 4 a.m. Tuesday to extinguish a fire on the second floor of a building located directly behind that which formerly held the Miles Laboratories offices.

Workers had been using cutting torches on that floor during the day Monday and it is believed a torch started a small fire which smoldered throughout the night before breaking out in the flooring.

The building and most of the plant are being demolished by the Invirex Corp., New York City, for ADM. There was no damage estimate because of the demolition.

A guard discovered the fire while making his rounds and summoned the Granite City firemen. Firefighters needed about 700 feet of hose to fight the fire. They were on the scene one hour and 50 minutes.

A large fire at the plant March 25 destroyed much of one building and damaged the roofs on two other buildings at the plant site. About \$100,000 worth of equipment inside the buildings were destroyed by that fire.

3 win county scholarships

Winners of County Scholarship Committee scholarships in Madison County have been reported to Harold E. Briggs, superintendent of the Educational Service Region, who accepted applications for these scholarships last December.

Three scholarships are available in Madison County, awarded on the basis of scores made in the ACT examinations given to children of veterans whose fathers are deceased or disabled. They exempt the winners from tuition for a period of four years. The scholarships are: child of a veteran of World War I, child of a veteran of World War II, child of a veteran of the Korean Conflict.

There were 16 applicants from Madison County. For Madison County, the winners this year are:

Child of veteran of World War I, Daniel Cruse, 405 Scott St., Edwardsville; World War II, James Correll, 14 Briarwood, Collinsville; Korean Conflict, Kathleen Kienstra, 1199 McPherson, Alton.

These scholarships may be used only at the University of Illinois at any of its three campuses, Urbana-Champaign, Chicago Center, or the Medical Center. All winners and non-winners are notified directly by the County Scholarship Committee of Illinois with offices in Champaign.

It is being suggested that unsuccessful applicants for these scholarships apply immediately for an Illinois State Scholarship Commission monetary award if they have not already done so but believe they might qualify for one. Information about these awards can be obtained from high school counselors.

3 divorces

Three Quad-City area couples have obtained divorces in Madison County Circuit Court. Divorced were: Beverly Rae Caffrey from James Bernard Caffrey, both of Granite City. They were married Nov. 26, 1970, and separated March 6, 1975. Mental cruelty was charged. Custody of one child was granted to the mother.

Christine (Jackson) Heard of Venice from James Heard of Granite City. They were married May 3, 1965. Mental cruelty was charged. Custody of seven children was granted to the mother.

Agnes Irene (Harris) Hinkle of Sorento from Charles Earl Hinkle of Granite City. They were married July 1, 1967, and separated in May 1974. Mental cruelty was charged.

Election board has ties with party leaders

SPRINGFIELD — A unique creature of the Illinois legislature, the State Board of Elections is staffed from top to bottom almost exclusively by people sponsored by legislative party leaders. The agency, run by a bipartisan board, plans to spend nearly one-third of its budget this year for outside consultants answering directly to a part-time chairman who has close ties to the Chicago Democratic organization.

The board's budget request is expected to be at least \$4.4 million — nearly double its present \$2.9 million appropriation. The major increases will be in personnel and contractual services — both sensitive subjects during the board's first year of operation. The largest of the current outside consulting contracts has gone to a Chicago-based firm headed by Republican State Central Committeeman Charles Barr. Barr was hired

on the recommendation of his friend on the board — Republican Franklin Landrum Jr. The contract has no dollar ceiling and its scope is bound only by the wishes of the Board. Charles Barr and Associates also was recently designated lobbying agent for the board by Chairman Michael Lavelle, formerly an assistant to the Cook County clerk. The lobbying job will include, at the very least, mapping strategy for getting legislation passed. That legislation will include money for contractual services and projects the Barr firm may bid for. All that — the decision by Lavelle on how to use Barr's firm and the apparent Lavelle-Landrum dominance over the board's daily activity — has made the consulting firm a source of tension at the

agency, although Barr's knowledge of election matters is not disputed. He has, instead, become the target for criticism that is really aimed at Lavelle, who is waging a fine line between administering the agency and actually setting policy on his own. Downstate board members of Republican Don Adams of Springfield and Democrat William Harris of Marion feel Lavelle, in concert with Landrum, has overstepped his bounds. Each board member, however, has sponsored his own pet consultants. The board has signed contracts with former state officials, one Republican county chairman, and county clerks, including Lavelle's old boss Stanley Kuiper. They all answer to Lavelle who is top administrator,

since the board has no executive director. An example is a Chicago public relations firm Lavelle said is "working with" the agency's own Springfield-based press officer on how to write press releases. The contract has a dollar limit of \$40,000. The agency employee, David Overby, formerly was news director at a Southern Illinois television station and knows how to write a press release. The releases, however, actually are written in Chicago, where Lavelle can examine each before it goes out under the agency's name. Lavelle by law must relinquish his chairmanship in June to a Republican. He said the agency will request a \$500,000 lump sum appropriation for its fiscal 1976 budget as a "working contingency" for unanticipated needs.

"We need flexibility," he said. "We need room." Over the past six months, the board has spent most of its \$764,000 contractual services appropriation for outside consultants. The end is not in sight. Most of the consultants first became involved with the agency through training seminars for election coordinators, where they were planners or instructors. One of the first was the Barr firm. It was hired by Lavelle after he was given authority by fellow board members in May to get help to set up a summer training program. The contract was signed by Lavelle, who estimated at the time it would cost \$125,000 for the year. However, no official dollar limit was set. The contract with Barr also includes a clause written by

Lavelle allowing the firm to perform "any and all services of a supervisory or advisory nature in the area of management, performance and public information" the board requests. Barr, in addition to being a Republican state committeeman, is a public member of the Election Law Commission and a former official lobbyist for Standard Oil of Indiana. Board member Landrum, a Republican from suburban Chicago, served as attorney for the Election Law Commission from 1968 to his appointment in 1973. The senior partner in his law firm now serves the commission. The board did not take an official vote to approve the Barr contract until August, one month after the firm received its first payment.

The vote, with only three members present, was to approve Lavelle's choice. Adams, Republican state chairman, was out of the country. Harris voted no. The Chicago-Downstate split is one that has persisted in key votes, with Harris and Adams on the opposite side of Lavelle and Landrum. Both Downstate Board members term the split "explosive," but they will be renominated by the new party leaders in the House. Lavelle insists he is but one vote when it comes to board policy but admits he exercises tight control over the daily operation of the agency. That arrangement has frustrated Harris and Adams, who complain about a lack of communication between the Chicago command center and the rest of the agency. The most recent irritant is a memo sent by Lavelle to all employees and to the other board members. Harris and Adams learned of the "administrative" decision, the same time as the rest of the staff. The memo informs the staff that the Barr firm will work directly under Lavelle to develop "the procedures for an implementation" of the board's legislative program. Planning how to get a bill through the legislature is not much different from actual lobbying on the floor, and in an interview, Lavelle did not deny that Barr may be doing just that. The arrangement is a curious one. It is certainly unique for a state agency to hire a private consulting firm to lobby for it in the state legislature. And more important as a possible reflection of board policy, Barr — whose contract expires at the end of the fiscal year — may be lobbying for a Board of Elections bill that contains money for future contracts or for a program that may also require his firm's expertise to complete.

Ragtime group to appear at Madison school

The Ragtime Ensemble will perform at the Madison Junior High School, 3rd Street and Alton Avenue, Friday. There will be two performances at 10:45 a.m. for the eighth-grade students and at 12:10 p.m. for seventh-grade students. The Ensemble is made up of John Williams, Ragtime pianist in the St. Louis area for many years, and Edward McKee, tuba player with the St. Louis Ragtimers, who play regularly on the Goldenrod Showboat. The program will consist of numbers that were written in St. Louis during the time that St. Louis was the ragtime capital, approximately during the years of 1897 — 1917. On the program will be compositions of Scott Joplin, including the "The Entertainer" which was featured in the movie, "The Sting." The program is sponsored by the Humanities Program and made possible through a grant by the Illinois Arts Council, an agency of the state of Illinois. Earl McClanahan is the principal of the junior high school.

Collaboration on fine arts

Members of the fine arts faculties of Southern Illinois University at Edwardsville and other member institutions of the St. Louis Regional Council on Interinstitutional Cooperation (CIC) are meeting today on the Greenville College campus to plan a collaborative program for the 1975-76 academic year. William C. Hodges, professor of art at McKendree College, and Paul J. Wolber, chairman of the department of art at Greenville College, have invited their CIC colleagues to join them in a meeting with Dean Tolleson. Executive director of the Union of Independent Colleges of Art, Kansas City, Tolleson will be visiting CIC as a consultant. In addition to SIUE, McKendree and Greenville, member institutions are Belleville Area College, Blackburn College, Kaskaskia College, Lewis and Clark Community College, Parks College of St. Louis University, Principia College, Rend Lake College and State Community College of East St. Louis.

ANNETTE TARPOFF

Miss Tarpoff to compete at state

Annette Elaine Tarpoff, a Granite City High School South speech student, won first place recognition in oratorical declamation at the sectional speech tournament at Wood River High School.

She is the only South student to qualify for competition in individual events at the state speech contest set for April 4 and 5 in Peoria.

Miss Tarpoff is president of Masque and Gavel, the Speech Honorary Society and Red Peppers.

In the 1972-73 Illinois High School Speech Association State contest she placed fourth in original comedy and in 1973-74 she tied for third place in dramatic interpretation.

Miss Tarpoff is a daughter of Mrs. Vasil Tarpoff, 2120 Clark Ave.

HEALTH'S-A-POPPIN' Food affects your outlook Energy projects heating up

By MARION WELLS

Medical authorities have long recognized that diet could affect our physical health, but can mental and emotional "disease" also be influenced by the food we eat? According to a government report, "...it is clearly established that good nutrition is necessary for proper development and function of the central nervous system. Recovery from mental disability can be delayed if the condition is complicated by nutritional inadequacy."

The report estimates that through better nutrition alone, we might reduce this nation's incidence of mental health disabilities by some 10 per cent.

In their new book "Psychodietetics," Emanuel Cherkas, M.D., D.M.D., and W.M. Ringdorf Jr., D.M.D., point out that a number of researchers have found evidence supporting the suspicion that the twilight zones of emotional distress also are caused or worsened by malfunctions of the body's nutritional machinery.

For example, several studies suggest that inadequate diet may literally "get you down." At the Mayo Clinic, emotionally healthy young women who didn't need to be reassured to be placed on a restricted diet and living together under medical supervision. Within three months "...the women's personalities underwent startling changes. They began to glow and exude with one another. They experienced unprovoked feelings of anxiety, persecution, and depression. Within three months..." the women's personalities underwent startling changes. They began to glow and exude with one another. They experienced unprovoked feelings of anxiety, persecution, and depression. Within three months...

Calcium deficiency is another of the factors which may contribute to "anxiety" symptoms. Authorities have reported that calcium intake has helped calm certain patients.

What about protein? When nutritional researcher William Ross "...placed young men on diets deficient in specific amino acids for a specific time, they sometimes became irritable and hard to deal with. In some cases, symptoms disappeared when the missing amino acid was returned to the diet."

Can too many sweets help turn you sour? Anxiety, shakiness, trembling and hunger sensations are just a few of the symptoms.

Physician Richard K. Gerlach says the products of pool-heating invention "solar circles." They're thin plastic pool covers cut in five-foot circles and designed to float on the pool's surface.

During sunny days they absorb infrared and ultraviolet rays, transforming the energy to heat captured beneath the water's top layer. Gerlach says the products allow pool owners to cut down on the use of conventional pool heaters at a significant savings—not only to their pocketbooks but to the nation's lightning energy reserves as well.

"It's such a simple system everyone wonders why no one thought of it before," says Gerlach.

But there's quite a bit of technology in its evolution, at that.

Gerlach discovered the concept while trying to produce a sophisticated solar heater for his own pool. No like-bag pool covers, so he solved the problem by cutting them up and attaching them to rings. The result is a system with all the storing advantages of a single pool cover with none of the disadvantages, the physicist points out, and at a cost of only about \$140 for the average-sized pool.

The Valley Forge project is designed to provide information from the scattered regions of the country to determine the feasibility of heating and cooling with solar-produced mobile homes primarily by sunlight.

Financed partly by the National Science Foundation and directed by General Electric's Space Division, it involves the mounting of 19 solar collector panels on the roof of a mobile home built by Skyline Corp., Elkhart, Ind.

The panels provide 80 per cent of the heating and cooling energy and 95 per cent of the hot water requirements for a mobile home in the Philadelphia - Washington, D.C., climate zone.

Under a GE subcontract, Skyline modified a standard 12 x 60-foot mobile home by installing additional insulation and enclosing piping and pumps in wall space and a large closet.

"We've paid attention to making a solar heated and cooled home really livable," says Lee L. Farnham, general manager, GE Space Systems.

"The equipment is outside of the living area, and its operation is completely automatic."

Each solar panel consists of a black, heat-absorbing surface beneath two rigid sheets of clear plastic. As sunlight passes through the plastic windows, solar heat is trapped in the inside air, transferred to water. Then it is pumped to the absorption-type heating and cooling system.

A 400-gallon insulated storage tank stores surplus hot water to run the heating and cooling system during cloudy periods and at night. A gas-fired boiler serves as a backup system.

Farnham claims the system could pay for itself within a five- to seven-year period, based on projected costs for the 1980s.

IRS mailing highway use tax notices

Notices of possible Highway Use Tax delinquency are being mailed to truck and bus owners and users, IRS, district director of Internal Revenue for Southern and Western Illinois, said this week.

The mailing is a part of the agency's annual nationwide highway use tax return compliance program.

The IRS has matched its highway use tax records with state truck registration records to identify potential nonfilers and under-reporters. During June, cases in which there is a response or insufficient response will be assigned to IRS district personnel who will be in contact with these truck owners.

Because the highway use tax applies to vehicle users, not all owners are reliable for the tax. For example, a lessee rather than a truck owner may be liable for the tax if local law requires the vehicle to be registered in the name of the lessee.

Any taxpayer who receives a notice of potential liability but who is not liable for the tax should complete the appropriate section of the notice and return it to the IRS.

The tax applies to trucks weighing 13,000 pounds or more, truck-trailers of 5,500 pounds or more, and buses that use the public highways. The amount of tax is assessed on the number of axles and weights of vehicles.

If taxpayers having delinquency returns to file should not wait to be contacted, but should file immediately to avoid additional penalties and interest, the IRS said.

IRS Publication 349, "Federal Use Tax on Trucks, Truck Trailers and Buses," furnishes detailed information on the subject and is available free of charge at IRS offices.

Plans underway for North Walk-a-thon

Granite City High School North students are making plans for their annual March of Dimes "Walk-a-thon" on Saturday, April 26.

School assemblies will be held to show the March of Dimes film and to distribute sponsor sheets at Grigsby and Prather.

Junior High Schools, as well as North.

Sponsor sheets also are available at Michel's Jewelry, 1842 State St., and the Granite City Trust and Savings Bank, 1309 Edison Ave.

Films on past "walk-a-thons" are available at GCHS North. Any group interested in seeing them may telephone the school at 931-4600.

Registration for this year's event will be held at Wilson Park between 10 a.m. and 11 a.m. of April 26. Refreshments donated by local businesses will be provided to each walker at the rest stop.

The exact route will be determined later.

Nearly 800 people participated last year. Anyone that wants to help by joining in the "walk-a-thon" may obtain a sponsor sheet and report at the park.

Monies raised will be used in the fight against birth defects.

RECOVER STOLEN CAR
The auto of Evelyn Morgan, 2514 Iowa St., stolen from her home before 9:30 p.m. Sunday, was recovered by Granite City police on Monday at Madison Avenue and Nameoki Road.

NURSE AIDE GRADUATION. Twelve students of the Venice Lincoln Technical Center have been awarded certificates of completion for nurses aide training at St. Elizabeth hospital. From left, Mrs. June McCallie, Mrs. Jeanette Cozart, Mrs. Earlie McNeal, Bill Green, Mrs. Elaine Mosley, Mrs. Dorree Anderson, Mrs. Brenda Newsome, Mrs. Anna Dickinson, Mrs. Cynthia Macon, Mrs. Marilyn Smith, Mrs. Victoria Parker and Mrs. Paula Wells.

Doctors contribute to medical schools

Members of the Illinois State Medical Society have given the state's medical schools \$121,705 to help support medical education in 1975.

Dr. Fredric D. Lake, Evanston, ISMS president, presented this year's contribution to the medical schools Wednesday during the society's annual meeting in Chicago. The meeting is held each year in conjunction with the Midwest Clinical Conference, co-sponsored by ISMS and the Chicago Medical Society.

ISMS member physicians have contributed more than \$3 million to the state's medical schools since the society began participating in the American Medical Association Education and Research Foundation (AMA-ERF) program in 1956.

The foundation distributes funds to medical schools throughout the U.S.

This year, the Illinois schools and the amounts they will receive are:

Northwestern University Medical School, \$20,092

Stritch School of Medicine, Loyola University, \$19,682

Chicago Medical School, \$17,588

Injured at lot

Edwin Hadley, 22, of Rural Route One, Box 192, Granite City, was injured when his car and the auto of Sue McCall, Peoria, collided in the parking lot of the Nameoki Village Shopping Center at 4:20 p.m. Sunday.

Hadley was taken by ambulance to St. Elizabeth Hospital where he was admitted with contusions to the left side of his scalp and to his elbow. X-rays were taken of his skull and spine.

Group hopes to simplify campaign financing law

Michael E. Lavelle, chairman of the State Board of Elections, reports that a committee of election experts and legal specialists has been named to study the Illinois Campaign Financing Act and to make recommendations to clarify the law.

"Since the concept of campaign disclosure is new," Lavelle said, "and the Illinois Act was passed just last September, we are charting out new areas. We want to make certain that the law is carried out with the least amount of expense and time on the part of both the state and the public."

"In addition," Lavelle said, "the number of inquiries and complaints on the part of those filling out the necessary forms called for by the law has indicated there is a need for simplification and clarification."

"In order for our Campaign Financing Act to work most effectively, we are calling on the top expert in campaign financing in the country, Herbert E. Alexander of Princeton, to head a group of specialists reviewing the matter."

"They will study the exact legislation for step-by-step clarification. By comparing our act with the federal laws and other state legislation on campaign financing, they also will seek ways to improve the law so that its basic purpose can be best achieved."

Alexander, director of the Citizens' Research Foundation in Princeton, N. J., was executive director of the President's Commission on Campaign Costs in 1961-62.

He served as consultant to the President of the United States from 1962 to 1964; consultant to the U.S. comptroller general and the Office of Federal Elections at the General Accounting Office; and consultant to the U.S. Senate Select Committee on Presidential Campaign Activities.

Other committee members include attorneys Michael Levinson, James Fletcher, Robert B. Oxtoby and Herman G. Bodeves.

Promote cadet at Wentworth

Cadet Robert D. Lawson, son of Mrs. Amanda P. Lawson, 2336 Cardinal Ave., has earned a promotion at Wentworth Military Academy and Junior College, Lexington, Mo.

He has been advanced to the rank of cadet private first-class and was given the duties of Rifleman in Company F of the battalion.

Col. B. J. Patterson, professor of military science, said the promotion was earned in consideration of longevity and merit with the approval of all departments at the academy.

Meek on State Chamber staff

Joseph T. Meek, a longtime business and public figure in Illinois, has been appointed legislative action coordinator for the Illinois State Chamber of Commerce.

Lester W. Brann Jr., president of the 19,000-member statewide business organization, said Meek has begun his duties immediately in his capacity as a legislative consultant.

His prime responsibility will be to organize grassroots business support throughout the state for State Chamber legislative programs.

Meek, former president of the Illinois Retail Merchants Association, has long been active in legislative, political and business affairs in the state.

Meek founded IRMA in 1934 after beginning his career with the Illinois State Chamber. He is a past president of the American Retail Merchants Association.

He retired from the IRMA in 1970 and subsequently served as a delegate to the Illinois Constitutional Convention and chief of the procurement and management assistance division of the U.S. Small Business Administration. A native of Indianapolis, Ia., Meek lives in suburban West Springfield.

An undetermined quantity of cookies was stolen from a Flavorist Cookies truck, parked on the company's lot at 812 Twenty-fourth St., it was reported Monday. A lock on the truck door was cut.

Park insurance cost cut

The Granite City Park Board has given its approval of a new summer recreation program insurance proposal which will reduce the annual premium by \$950 for coverage of an estimated 2,500 park district residents under the age of 21.

The annual premium will cost the park district \$4,000, for \$1.60 per person, as compared to \$4,950 last year. The program has been adjusted to provide increased benefits.

Medical coverage has been increased from \$2,500 to \$5,000, payment for services of a licensed physician, surgeon or osteopath is increased from \$8

to \$10 per visit, except when surgery is performed, and payment for negative x-rays will increase from \$15 to \$25 as the result of anyone accident.

Other approvals given by the board include an increase in room rentals, effective May 1, at the Nameoki Recreation Center, Amos and Franklin Avenues, \$50 for room one for four hours and \$87 for room three for four hours.

Clarion only knows one way to make AM/FM/8-Track Indash Car Stereo...

...good!

We sell a lot of car stereos at CMC... including a lot of AM/FM/8-track indash car stereos... priced anywhere from \$80 to \$180. There's one that we think is exceptionally good... the Clarion 617.

When we went looking for indash car stereos at Clarion, we expected the world's largest manufacturer of car radios to have a big selection to choose from. What we found was that Clarion had combined all their knowledge and expertise into just one model... the 617. And, it's a good one... delivering a big 5.5 watts RMS power output per channel, good looks, and a lot of features... all for just \$139.95.

We've sold a lot of the one-and-only Clarion at \$139.95. But now... with our most recent purchase, we can offer it to you for even less... \$20 less. \$119.95 for an AM/FM/8-track indash car stereo... made the only way Clarion knows how... good.

And, of course, CMC offers a complete selection of car speakers... and professional installation to go with it.

Dial-a-story service for area youngsters

By RAY TEVIS
Librarian

Granite City Public Library Dial-A-Story, a recent innovation in children's librarianship, will soon be installed at the Granite City Public Library.

By dialing a "magic" telephone number, children can listen to a three-minute recording of a story, poem or special occasion narrative.

Stories such as Keats' "Snowy Day," Sendak's "Where the Wild Things Are," Bryan's "Little Pink Rose" and Hyde's "Little Lost Duck" will be available.

Stories will be changed three times a week: Monday, Wednesday and Friday.

Area children having access to a Granite City telephone exchange number may listen to Dial-A-Story without charge; this includes not only all Granite City children but also all children in the surrounding communities.

It is important that children dial the "magic" number very slowly and correctly and that they always hang up the telephone receiver when the story is over.

If the "magic" number is busy, they should hang up the receiver and try to call Dial-A-Story a little later.

When installation is near completion, the Dial-A-Story "magic" number will be released. Children may then obtain the number by visiting or telephoning the Bookmobile or Children's Department.

The "magic" number will be listed in this column when Dial-A-Story is operational.

NEWS ITEMS: GCPL is presently adding several new paperback and paperback series to its collection.

On conference committee

Mrs. Gwendolyn Dake, Venice Elementary School Librarian, is serving on the hospitality committee for the spring conference of the Illinois Association of School Librarians.

Meeting at the Forum XXX in Springfield, April 10-12, the conference will bring together librarians from the entire state to celebrate 50 years of progress for the organization, and to enjoy a program planned around the theme, "That was Then; This is Now."

The conference will be highlighted by the banquet speaker, Dr. Louis Rubin, and the luncheon speaker, Dr. Jack Wilt. Dr. Rubin, professor at large in curriculum at the University of Illinois, will present a view of the role of media in education now and in the future.

Dr. Wilt, on leave as superintendent of Harlem Consolidated School in Rockford, will challenge media people on achieving administrative support for the media programs.

In addition, large group and small group programs of the conference registrants' choice will center on topics on current interest, and exhibitors will be demonstrating service aspects of their products.

Seek to amend state sulfur dioxide rules

The Illinois Environmental Protection Agency this week submitted proposed amendments to sulfur dioxide emission regulations to the Illinois Pollution Control Board.

The amendments are to correct technical inadequacies and bring the regulations into conformance with current information concerning control of sulfur dioxide emissions.

Jack Hudson, manager of the Illinois EPA's Air Pollution Control Division, said the agency is proposing three basic changes:

1. Repeat the 6.0 pounds per million BTU emission standard which applies to sources located outside the Chicago, Peoria and East St. Louis major metropolitan areas.
2. Modify the method of determining maximum allowable sulfur dioxide emissions based on characteristics of the site.
3. Add a rule which would allow temporary use of supplemental control systems where applicable. He comments, "The first change is necessary because air quality does not warrant the current rule. Based on available sulfur dioxide data for rural areas, annual air quality standards are not being violated."

"In addition, the present rule is based on coal washing technology. But the degree of sulfur dioxide reduction obtainable by washing does not support this particular emission limitation."

"The second change will prevent violations of short-term

— that is, 3-and 24-hour — air quality standards from occurring.

"The most significant change relates to the use of supplemental control systems as a means of protecting air air."

"Sources wanting to use this system would have to develop permanent compliance programs which would meet mass emission limitations by Dec. 31, 1982."

"In the interim, in order to protect air quality standards, a facility could make use of supplemental controls to reduce the sulfur dioxide emissions when conditions are such that short-term air quality violations might occur."

"These amendments will correct defects in our current regulations. They will give

better protection to our air and to the health of the people of this state, while at the same time allowing us to make use of our Illinois coal," Hudson concluded.

The agency has asked the Illinois Pollution Control Board to give the matter prompt consideration and to establish earliest possible hearing dates.

One millionth tax refund

The one millionth state income tax refund this year was issued Monday by the Illinois Department of Revenue.

A button was pushed on a computer that sent wheels spinning, red and amber lights flashing, and magnetic tapes jumping to authorize the millionth refund, which was for \$21.72 and went to a taxpayer from Sherrard, a community of 570 south of Rock Island.

The millionth was among more than 100,000 other refunds that the Department of Revenue authorized today.

The millionth refund is considered a milestone by the department because it means that nearly half of all refunds this year have been made. In a statement from his office, Gov. Dan Walker said the milestone was especially pleasing since it came three weeks ahead of the date the millionth refund was made last year.

"That's important because people are relying more this year on their refunds," the governor said. "Refunds are averaging about \$37 each this year. That's \$2 more than the average refund last year."

"Since it's more likely that people will spend their refunds, it means as much as \$100 million will be put back into the state's economy by consumers within a few months."

"In a recession, that could be an important influence for reducing inventories and stimulating demand."

Illinois Revenue Director Robert H. Alphin said returns are being processed more quickly this year. The average

refund is being processed in four to six weeks, two to four weeks faster than last year.

Alphin said that processing techniques and more careful taxpayers had contributed to the speedier refunds. He said taxpayers were making fewer errors on their returns, "probably because refunds are more important this year."

Walker complimented revenue department employees, who process the tax returns, which are expected to number more than 4.5 million this year. He noted that the employees also processed some 11 million returns for other taxes the department administers.

Tax Center employees are processing an average of 38,000 income tax returns each day, an increase of more than 10,000 over the average of last year. About 700 people, 230 of them temporary employees, are processing this year's returns.

School board candidates to be screened

Candidates seeking school board posts in Granite City, Madison and Venice school districts will be screened by the Tri-City Trades and Labor Council for the purpose of voting endorsements. The school elections will be held April 12.

Edwin Reiske, president of the trades council, said no specific meetings are scheduled between candidates and the council for the purpose of voting endorsements. The school elections will be held April 12.

Reiske said he will arrange appointments with the committee by those persons calling and requesting interviews. Recommendations of the screening committee will be acted upon by the trades council members.

ANTHONY ROMANIC

Candidates for Third Ward alderman in Madison include Anthony "Pete" Romanic, 59, of 1823 Edwardsville Road, who feels that "every election should have opposition candidates so the people will not lose interest in elections."

Romanic adds, "Seeking an elective office is a privilege we still enjoy in this wonderful country. I regard it as a great honor to ask for voters' support April 15."

"I ask each to give careful thought to the election. I hope all keep in mind the value and importance of each vote, cast in the privacy of a voting booth."

"If the public freely chooses to elect me, I can honorably walk into City Hall with no political debts of obligation to encumber my sole purpose—conscientiously serving the people of our ward and the city of Madison."

A native of East St. Louis, Romanic has made his home in Madison for the past 31 years. He has been employed for 33 years by East St. Louis and Interurban Water Co. and is a He and his wife, Helen, are the parents of a son, Robert, and a daughter, Yvonne.

He received his education in East St. Louis schools and is a member of St. Mary's Catholic Church, St. Stanislaus Lodge 1004, St. Mary's Booster Club and the Knights of Columbus.

GARY R. NOVICH

Gary R. Novich, a Third Ward aldermanic candidate in Madison, is employed as a licensed real estate agent with Rosycki Realty Co. in Granite City.

He is 24 and resides at 921 Lee Ave. He served in 1972-73 as a member of the Madison City of Madison.

Novich, unmarried, previously served as a student intern for the city under a grant from the Illinois Department of Local Government Affairs.

He attended St. Mary's School, Madison High School and McKendree College at Lebanon, majoring in political science.

A member of the Madison County Young Democrats, he is a past vice president of the group.

Novich has served as Madison Lions Club vice president. He is a member of St. Mary's Catholic Church and St. Mary's Holy Name Booster Club.

The candidate told the Press-Record, "As a lifelong resident of the City of Madison, and a concerned citizen, I have witnessed the ever-increasing need for knowledgeable, capable officials to guide our local government affairs."

"I offer to the voters of Ward Three such knowledge and capability."

"As my background will suggest, I have always expressed sincere desire to serve the people of Madison. The office is the avenue I have chosen and the vehicle from which I pledge an active and vigorous term as alderman."

"Moreover, I pledge the honesty, integrity and character that must be the main ingredients for holding public office. There are no compromises and no substitutes for the above."

Novich continues, "I pledge to make the office of alderman open to the voters by issuing a periodic newsletter to all voters. Running for elective office is the avenue I have chosen and the vehicle from which I pledge an active and vigorous term as alderman."

"In recent years, we have observed erosion of confidence in public officials in the eyes of the voters. Hopefully, this can be the springboard in which we can restore confidence in government — no matter what level."

"As alderman, I would support more job security by working with other City Council members and the mayor in instituting a strong, durable merit system to protect city employees."

"One's ability to perform a job should not be gauged by the number of votes he delivers on election day or by the person who holds office at the particular time."

"Understandably, there are unique reforms, but the effort must be made, and the time is now. I pledge such an effort to the people of the Third Ward," Novich concludes.

DAVID CLARK

"I feel we need to direct a concerted effort to develop programs for young adults," David L. Clark comments. He is one of six candidates April 15 for Madison Third Ward alderman.

Clark, 47, resides at 909 McCambridge Ave. He and his wife, Shirley, have four daughters, Stephanie, 17, Kim, 16, Michelle, 14, and Renee, 11.

"In Madison, there is nothing for young people to do—no corner drug stores, and no place for kids to go for entertainment," the candidate says.

He pledges to work to develop activities for young adults. Clark's occupation is the automobile repair business, as owner of the Dave Clark Agency, Madison.

A Madisonian 19 years, he was born in Jefferson City, Mo. He is a member of St. Mary's Catholic Church and St. Mary's Holy Name Booster Club.

The candidate told the Press-Record, "As a lifelong resident of the City of Madison, and a concerned citizen, I have witnessed the ever-increasing need for knowledgeable, capable officials to guide our local government affairs."

"I offer to the voters of Ward Three such knowledge and capability."

"As my background will suggest, I have always expressed sincere desire to serve the people of Madison. The office is the avenue I have chosen and the vehicle from which I pledge an active and vigorous term as alderman."

"Understandably, there are unique reforms, but the effort must be made, and the time is now. I pledge such an effort to the people of the Third Ward," Novich concludes.

RONALD L. GRZYWACZ

Madison Third Ward candidate Ronald L. Grzywacz is 38 years old, married and lives with his wife, Valerie, and two children at 1204 Alton Ave.

As a youth, he attended St. Mary's School and then Madison High School. He has completed four hours credit at SIUC in the field of law enforcement.

He operates G & G Car Wash, Inc., 920 Madison Ave. A native of Madison, he is a property owner and has lived in Ward Three for the last 30 years.

Grzywacz spent twelve and a half years in the Madison Police Department and resigned in July 1974 to work in construction on a full-time basis. He worked both on the police department and in construction for two years, 1972-73, before devoting full time to the construction field.

Grzywacz is a member of St. Mary's Catholic Church, Madison Lions, Madison-Venice Rotary, Tri-Cities Area Chamber of Commerce, Cahokia Mound Boy Scout Council and an explorer committee. He has been involved in the Madison Police Department's Explorer Post 10-4 since its origination and his police dog, "Sir Kelly," became club mascot for the group.

He is also a member of the American Car Wash Association, Operating Engineers Local 520 and Laborers' Local 179.

His children attend Madison schools. Sherril Lee, 14, is a freshman at Madison High School and Ronnie Lee, Jr., 13, is a Madison Junior High School student.

While he was on the police department, Grzywacz received a gold key to the city from the Madison City Council and the late Mayor Stephen Maeras for entering a burning apartment and saving the life of an eight-year-old boy who was overcome by smoke and was found lying on the floor.

He has received 11 letters of commendation from police departments in this area for his assistance in apprehending burglars, robbers and suspects for their departments.

The candidate promises to be "available at all times to the voters of Ward Three either at my home or at the car wash."

He concludes, "I believe in capable, reliable and dependable administration of city affairs."

MIKE MEJASKI

Mike M. Mejaski, 59, of 1721 Elizabeth St., is seeking election as alderman of the Third Ward in Madison.

A native of Madison, he was educated in parochial and public schools. A veteran of World War II, he was discharged with the rank of staff sergeant.

Mejaski, a lifelong member of St. Mary's Catholic Church, was appointed a trustee of the parish by Bishop William A. O'Connor in October 1974.

In addition, he serves as secretary of St. Mary's Holy Name Boosters, treasurer of the St. Vincent DePaul Society, and chairman of the Credit Committee of St. Mary's Madison Federal Credit Union.

He is a member of the Veterans of Foreign Wars and of Council 1098 of the Knights of Columbus.

A retired warehouse superintendent of the Granite City Army Depot, he is currently in charge of maintenance at St. Mary's Catholic Church in Madison.

Mejaski comments, "I am actively seeking election to this office."

"I have lived all my life in Madison and am proud of my community. There have been many improvements, and more are in the planning stage."

"City beautification is foremost in our minds, and I want to continue my support of this program and others to insure more pride in and the prosperity of our city."

"I feel the Third Ward can be a leader in this respect."

Mejaski and his wife, Emily, have a married daughter and three grandchildren.

DR. DAVID RAUFMANS NAME SON ADAM JORDAN Dr. and Mrs. David Kaufman of Manchester, Mo., became the parents of their second child, a son, born March 29 at Jewish Hospital, St. Louis. The mother will be remembered as the former Wendy Friedman of Granite City.

The new arrival has been named Adam Jordan. He weighed six pounds, nine ounces. His sister, Jennifer, is 3½ years old.

Maternal grandparents, Mr. and Mrs. Jack Friedman of University City, Mo., own and operate Friedman's furniture and appliance store, Sixth Street and Madison Avenue, Madison. The paternal grandparents are Mr. and Mrs. Louis Kaufman of Chicago.

Deadline for income tax is April 15

Taxpayers have until midnight, April 15, to complete their federal income tax returns and put them in the mail, Ira S. Loeb, IRS district director reports.

"Our assistants will help prepare returns for those taxpayers who feel they need help," Loeb said. "Historically, thousands of taxpayers wait until the last few days of the filing season to complete and mail their returns," Loeb explained.

To help last-minute filers beat the deadline, all IRS offices and telephone switchboards will be open the next two Saturdays, April 5 and April 12, from 9 a.m. to 1 p.m.

A group of well-trained telephone operators will be on duty during the extended hours to receive and answer the voluminous number of calls expected. On April 15, the last day for filing, the offices will remain open in the evening until 9 p.m.

According to Loeb, the toll-free telephone assistance, in existence since December 1973, has made it possible for about 2,000 callers a day to receive prompt and courteous answers to their income tax questions. The toll-free number to call for tax information is 800-255-2921.

Four candidates competing for three Pontoon Beach board posts

LOREN MADISON

DEAN ROCHESTER

DUANE SKINNER

KEITH BIGGS

Loren L. Madison seeks re-election as a Pontoon Beach village trustee April 15. Running with him on the Village Improvement Progressive Party ticket are unopposed candidates for village president and clerk, plus two trustee candidates, Duane Skinner and Keith Biggs.

Three village board positions are to be filled in this month's voting. The posts are those currently held by Madison, Dean Rochester and Marvin Ribbing.

Ribbing did not seek re-election. Rochester is running for re-election as an independent candidate.

Madison has served on the Pontoon Beach board for the past four-year term after serving two years previously as village treasurer.

He is 40 years old and lives at 3817 B St.

The incumbent trustee has been employed for 20 years at Granite City Steel.

He is a widower and has two children, Donald, 14, and Marsha, 13.

A Granite City High School graduate, he is a member of the executive board of the Pontoon Beach Lions Club.

Madison served in the Army for two years.

Born in Hartford, he has resided in this area for 24 years.

He is a candidate "to continue to work for the improvement of Pontoon Beach."

Madison pledges to "work for projects under way and new ones in the planning stage."

"I'll continue to work for the betterment of the police department, drainage, roads and any improvements necessary and possible for the village."

"I think it is important for the average working person and citizen to be active in the political process in this country," he told the Press-Record.

Dean E. Rochester, 48, of 27 Westgate Drive, is seeking re-election to the Pontoon Beach village board of trustees April 15.

He was elected to four-year terms in 1967 and 1971 and is seeking a third term on the board.

Professor of counseling at Southern Illinois University at Edwardsville, Rochester holds three Florida State University degrees—bachelor of science, master of science and doctor of education in counseling.

Born in the state of Washington, he has resided in this area for ten years. He previously was employed at Florida State University and the University of Tampa.

He is Lutheran and is a member of the Elks, the American Psychological Association and the Midwestern Psychological Association.

He and his wife, Aileen, have a daughter, Kathryn, and a son, Dean Jr.

Rochester told the Press-Record, "I would like the opportunity to continue to serve this community as a member of the village board."

"I feel Pontoon Beach is an area which has great potential as a residential and business community."

"I hope I can contribute as an independent in our village government."

PISTOL IS TAKEN

A .45-caliber pistol was stolen from under a bed in a second-story bedroom at the home of Sara Scott, 2907 Edwardsville Road, it was reported at 12:30 p.m. Tuesday. The occupant believes the gun was stolen while she was asleep in an upstairs bedroom. She said she may have left a door unlocked.

The appointed treasurer of the Village of Pontoon Beach is one of four men running for three trustee posts in the April 15 balloting.

He is Duane K. Skinner, 26, of No. 24 Westgate.

Skinner and his wife, Loretta, have been married for four years. He works as an accountant for the C. J. Schlosser & Co. accounting firm of Alton and she is employed by the Johnson and Neuman accountants in Wood River.

Born in Browning, Mont., he attended Collinsville schools, graduating in 1967. He holds an SIUE bachelor of science degree in business with majors in accounting and management science.

A member of the Pontoon Beach Lions Club, SIU Alumni Association and National Association of Income Tax Accountants, Skinner is treasurer of the Village Improvement Progressive Party.

He told the Press-Record, "I feel that my past service to the village has prepared me for an even more active role in the administration of village affairs."

"My involvement has given me a working knowledge of how best to accomplish the wishes of all village residents."

"I believe that village residents have a right to be heard. I want to be that voice for them at all village-related decisions, including Village Board meetings."

"At a time when economics must be considered, my background will aid the village administration in coping with the financial strain that is present in attempting to offer the residents more services."

"I would view my position as a trustee as one that would require me to think and act in the best interests of my constituency."

"I would consider all viewpoints in an attempt for the board to work and act together toward the common goal of representing the people of Pontoon Beach for the betterment of the village."

Keith Edward Biggs, 4018 Kaseberg Lane, is one of four seeking three village trustee positions in the April 15 Pontoon Beach municipal election.

A baker of Tastyest Bread for the American Bakery, Biggs was born in Pontoon Beach and is a lifelong resident of the village area. He formerly operated Biggs Used Cars and Auto Salvage on Kaseberg Lane.

He attended Stallings School, Coolidge Junior High School and Granite City High School, graduating in 1964.

Biggs is a member of St. Elizabeth Catholic Church, the Pontoon Beach Lions Club and Trailriders Saddle Club.

He served in the Army's 9th Infantry with the 571st Combat Engineers from April 1969 to March 1970.

He and his wife, Virginia, have a son, Jimmy, 12, and a daughter, Michelle, 10.

Biggs comments, "Having lived in the village of Pontoon Beach all my life has enticed me to seek office."

"With the coming of sewers in Pontoon Beach, our future growth must be coordinated."

"We must be willing to cooperate with all other governmental agencies in this area to insure proper growth."

AUTO IS LOOTED
Two coats worth a total of \$120, about \$40 worth of costume jewelry and two or three hockey sticks were stolen from the auto of Christine Rickert, 1032 Greenwood St., Madison, parked at Nameoki Road and Madison Avenue at 2:45 p.m. Monday. A side window was broken to gain entry.

MOMENTS AFTER ACCIDENT at 23rd Street and Madison Avenue at 2:50 p.m. Monday, Granite City Patrolman Kip Pomeroy interviews the driver of one of the autos, Elmer Hurlbut of Madison, left. Edith Jennings, the driver of the auto at the right, and Lorene Jones, a passenger, both of Jennings, Mo., were injured. Fry marks on the door show where rescue workers forced the door to free one of the women.

2 women hurt

Two women were injured when their car and the auto of Elmer Hurlbut, 2004 Beckwith St., Madison, collided on Madison Avenue near 23rd Street at 2:50 p.m. Monday.

Taken by ambulance to the hospital were Mrs. Edith Jennings, 68, Jennings, Mo., the driver of the other car, and Mrs. Lorene Jones, 52, also of Jennings, Mo., a passenger in Mrs. Jennings' auto.

Firemen had to pry open the passenger door of the car to remove one of the women after the accident.

Mrs. Jones suffered an injury to her right rib area and was transferred, by her request, to Missouri Baptist Hospital. Mrs. Jennings was examined, x-rayed and released.

Two unopposed school candidates in Madison

WILLIE WALKER

DAVID MISKELLEY

Willie Walker, 33, of 645 Mercedia St., Venice, is seeking re-election to the Madison School Board April 12.

He was elected to a three-year board term in April 1972.

Walker was born in Vernon, Ala., and has lived in the Quad-City area 31 years.

He has been an Urban League director and a vocational coordinator at Venice-Lincoln Technical Center and formerly spent four years teaching elementary classes.

He also served as supervisor of student teachers at the University of Wisconsin one and one-half years. He is a former director of the summer recreation program in Venice.

Walker, graduated from Madison High School in 1960 and received his bachelor's degree from Southern Illinois University in 1965. In 1971, he earned his master's degree from the University of Wisconsin.

He has served as president of the Venice-Madison Fine Arts Organization as a member of the board of the Tri-Cities Area YMCA.

Memberships include New Hope Masonic Chapter of the National Association for the Advancement of Colored People and New Salem Baptist Church, where he has been chairman of the deacon board.

He is married and a father.

BURGLARY ON ADAMS

A \$115 television and a \$45 stereo with speakers were stolen from the home of Phillip Richardson, 2200 Adams St., Apt. 4, it was reported at 5:30 a.m. Wednesday. There were no signs of forced entry, officials said.

\$50 IS STOLEN

Janet Wilson, 2112 Garfield Ave., reported at 3:20 p.m. Tuesday that \$50 was stolen from a china box in a bedroom of her home. A basement window was broken to gain entry.

David J. Miskelley, 25, of 1801 Third St., Madison, is unopposed for election to the Madison School Board April 12.

An unsuccessful candidate for the board in 1972, he again announced plans to run in April 1974 but withdrew. He was appointed to the Board of Education by the other members on July 18, 1974, to fill an unexpired term.

A graduate of Madison High School, he married the former Debra Mezo last year and has been a student at Southern Illinois University at Edwardsville.

He is a member of the First Methodist Church in Madison and Madison Lodge 222 of the Croatian Fraternal Union.

A lifelong resident of the Quad-City area, he is a former employee of the Madison city recreational program and the Madison County highway department. He also has been a grocery and golf course employee.

Miskelley attended Madison elementary and secondary schools.

Faces charge of burglary

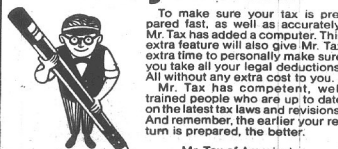

Charles Birmingham, 69, of 2028 Washington Ave., was charged with burglary after several cans of food and soft drinks were taken from Goskie's Market, 21st Street and Lee Avenue, before 10:30 p.m. Monday.

The market has been closed for some time, but some canned goods and other times have been stored inside.

A witness told police where to search for the missing items and officers located the missing canned goods in a shed in the alley behind the 2206 block of Washington Avenue.

Birmingham then was arrested at his home and was charged after the witness alleged him to be a man seen leaving the building.

Seven choruses to perform at South

The seven choruses of Granite City High School South's vocal music department will present their annual spring concert at 8 p.m. Tuesday in the South High auditorium, under the direction of Mrs. Mary Ann Bright.

The public is invited to attend. An admission fee of 25 cents per person has been set.

Mrs. Bright, vocal music director at GCHS South, said today that "due to the large number of students involved in this year's program each group will perform about four numbers."

The choruses, their size and selections are as follows: Madrigals, 18 students — "Bridge Over Troubled Water," "The Way We Were," "Yesterday," "Michelle," "What the World Needs Now," "Stranger in Paradise." Contando, 50 students — "All My Trials," "Summer Knows," theme from "Summer of '42," "Dear Heart" and "The Look of Love."

Boy's Choral—20 students — "Joy to the World," "Rainy Days and Mondays," "Time in a Bottle" and "This Guy's in Love With You."

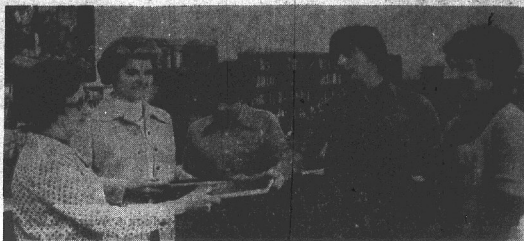

Combined choruses of First & Sixth Hour Mixed, 88 students — "Happiness," "Born Free," "The Sound of Silence" and "Goodnight, My Someone."

Girls' Glee Club, 100

students—"Selections from 'Cabaret,'" "Day By Day," "Aquarius-Let the Sunshine In" and "Oh Mary Don't You Weep."

Advanced Mixed Chorus, 46 students — selections from "South Pacific," "Alleluia" and "Omnia Spiritus Laudet Dominum."

As the finale, the First and Sixth Hour Mixed and Advanced choruses will perform "Everything is Beautiful" and "The Lord's Prayer."

ACADEMIC ACHIEVEMENT. Paul Harris, a graduate of Granite City High School South, and David Heth, graduate of North High School, are presented a book by representatives of the University of Illinois Mothers' Association for achieving all "A's" during the first semester of their freshman year. The books will be donated to the libraries of the two high schools. From left: Mrs. John Klesh and Mrs. Wendell McIlvoy, chairwomen of the Madison County Division of the mothers' association; Harris, Heth and Mrs. Betty Harmon, librarian at GCHS South.

Living Sound concert

Living Sound, a youthful missionary team, will present a sacred concert at 7:30 p.m. April 8, at First Assembly of God Church, 24th Street and Grand Avenue. The vocal music is backed by brass, percussion, woodwinds and strings. The group counts 40 countries and five continents on its six-year odyssey to present their concerts around the world.

Living Sound since its beginning six years ago on a college campus have been President Rev. Terry Law and Executive Vice-President Larry Dalton. As team evangelist, Rev. Law, 31, ministers while traveling with the Living Sound music group. He was recently named as one of the outstanding Young Men of America. He served last year as a United States delegate to the World Congress on Evangelism held in Lausanne, Switzerland, where Living Sound presented a concert.

Larry Dalton is music director and arranger. In the six years following his college graduation, Larry Dalton has established himself as one of the promising young arrangers in the field of modern sacred music. In addition to his position with Living Sound, he is arranger and director on the largest nationwide weekly religious program.

To date they have released seven records which have gained critical acclaim, including a four-star rating for their "Living Sound: Maranatha" album. Co-founding and spearheading the growth of

With the exception of Singleton, all are members of the church board of governors.

Former residents, married 50 years

Mr. and Mrs. Shirley Barrow of Detroit, Mich., former residents of Granite City, celebrated their 50th wedding anniversary March 19 at a reception and open house hosted by a granddaughter, Mrs. Mike (Karen) Rhodes of Linonia, Mich.

Guests at the observance were Mr. and Mrs. Lee Lorenz of Bunker Hill, Ill., former residents here for 45 years. Mrs. Lorenz and Mrs. Barrow are sisters. The latter also marked her birthday at the anniversary event.

The Barrows have a son, Thomas, and a daughter, Mrs. Ida Bourdreaux. Both live in Detroit. The couple also has four grandchildren and five great-grandchildren.

Mr. Barrow retired seven years ago from General Motors in Detroit.

Ostresh family reunion dinner

A family reunion at Eastertide was celebrated at a "typical Thanksgiving dinner with all the trimmings" in the home of Mrs. Lettie Gary, 2034 Thirteenth St., whose children had missed spending the earlier holiday periods together the past year.

House guests at the Ostresh residence were the hostess' son and daughter-in-law, Mr. and Mrs. Richard Ostresh and son, Jason Richard, DeWitt, N. Y., and her son-in-law and daughter, USAF Captain and Mrs. Richard (Janice) Lasky, Wichita Falls, Tex.

Other guests at the special dinner party were Mr. and Mrs. Melvin Helling and Mr. and Mrs. Charles Helling, Edwardsville; Mr. and Mrs. Elmer Ostresh and Miss Sharon Nelson, Collinsville; Mrs. Frances Ostresh and Mr. and Mrs. Frank Modrusis, Madison; and Tom and Mike Ostresh and Bill Green, all of Granite City.

The reunion also served to celebrate the birthdays of Jason Richard Ostresh, 3, and Mrs. Lasky.

Xi Theta Omega elects officers

Mrs. Linda Pickett was elected president of Xi Theta Omega Chapter of Beta Sigma Phi Sorority for 1975-76 at a meeting held in her home, 9 Paul Drive.

Also chosen were Mrs. Carol Davis, vice-president; Mrs. Pat Howard, treasurer; Mrs. Sharon Davis, recording secretary and Mrs. Barbara Dickerson, corresponding secretary.

Plans were completed for an Easter party for the children of members and to prepare a gift basket for a local family.

The April 27 area convention of Beta Sigma Phi, scheduled to be held in Granite City also was discussed.

Others at the meeting were Mesdames Pat Chasteen, Julie Gates, Sharon Rush, Judy Russell, Barbara Haddock, Donna Sprinkle and Mary Jane Wasylak.

Parties honor Erin Bayer, 3

The third birthday of Erin Elizabeth Bayer was celebrated at a children's party during the weekend and a family gathering Monday evening.

Both events were hosted by the honoree's parents, Mr. and Mrs. Charles F. Bayer, at their home, 2814 Dogwood Drive.

"Winie the Pooh" decorations, balloons and blue and white streamers were used at the children's party. The youngsters viewed a cartoon show and played games, with prizes being awarded to Julie Simon and Tommy Rice.

Birthday cake and ice cream were served to those named and to Mrs. Barb Kline and daughters, Wendy and Trudy, Trenton, Ill.; Mrs. Karen Simon, Mrs. Joan Wachter and Shelley, Chris Thomas, John Aleman, Susan and David Painter, Louisa Cuvar and the honoree's grandparents, Mr. and Mrs. Samuel Shackelford and Mrs. Estelle Bayer of Troy.

Celebrating the birthday Monday evening were her grandparents, Mr. and Mrs. Harry Peters; and grandparents, Mr. and Mrs. Shackelford and Mrs. and Mrs. George F. Bayer of Troy.

Auxiliary presents membership awards

Mrs. Agnes Konkovich and Mrs. Sylvia Simurda were presented 10-year membership certificates by Amvets Auxiliary Unit 51 at a meeting last week at the Post Home, 5100 Lakewood Drive.

Mrs. Betty Wilkins, president, conducted the business session. Most of the time was spent completing plans for a visit at noon Monday by Mrs. Grace Osborn of Chicago, national Amvets Auxiliary president.

Mrs. Osborn will be accompanied by Mrs. Marie Duller, state auxiliary president, and other state officers. The visitors will be honored at a luncheon and program at the Post 51 clubhouse.

Mrs. Jackie Petras and Mrs. Glenda Brockman were named delegates to the state convention, scheduled June 19 to June 22, at Crete, Ill., with Beecher Post 67 as host.

Mrs. Karen Deen was a guest at the meeting and the white elephant award was made to Mrs. Joan Hanson. Mrs. Petras presented Mrs. Brockman, hostess, with a refreshment using an Easter theme in the table appointments and a birthday cake centerpiece to honor Rex Manning Jr.

'Cloudy' water safe

Turbulence in the Mississippi River, caused by a high river level, was responsible for a visible cloudiness in water supplied to homes here early this week, an official of the East St. Louis and Interurban Water Co. explained Tuesday.

Robert Jackson, manager of the Granite City office of the water company, said the company's "normal treatment methods have been unable to remove all of the color from the water."

He emphasized the cloudy water was safe, had no unusual taste and was odorless. Water tested at the company's treatment plant was clear and normal by Tuesday, he said.

Some areas still may be experiencing cloudy water while water lines are refilling with the clearer water, but the cloudiness is caused by harmless suspended particles, Jackson said.

Nemeth to head state identification unit

Lieut. Joseph Nemeth of the Granite City Police Department will be installed as president of the Illinois Division of the

International Association of Identification during a meeting at the Holiday Inn, Collinsville, April 18 and 19.

'Anastasia' to be given

Anastasia, a play by Marcelle Maurette and adapted to English by Guy Bolton, will be presented April 9-12 at the Southern Illinois University at Edwardsville Theater in the Communications Building.

Evening performances are scheduled at 8:15, and special matinees will be presented at 1 p.m. April 11 and 12.

Members of the cast include Brent Bowles, Craig Leitner, Lois Lorton, Martha Traverser and Kevin Hively, all of Edwardsville; Kathy Pulliam and John Bucher, both of Belleville; Mike Reno, Caseyville; Diane Forry, Collinsville; John Brawley and Joseph Dooling, both of St. Louis; and Mark W. Killam and Roxanne Devine, both of Wood River.

The production will be directed by Peter Beiger, and the lighting is being designed by David E. Willey. The costumes, by Vicky Holt, and the set, by Ed Stockwell, are designed to give a nostalgic feeling for the 1920s era in Berlin.

According to the director, the story of the play tells of a girl, "lost in the mists of amnesia, who struggles to confront the ghosts of her past."

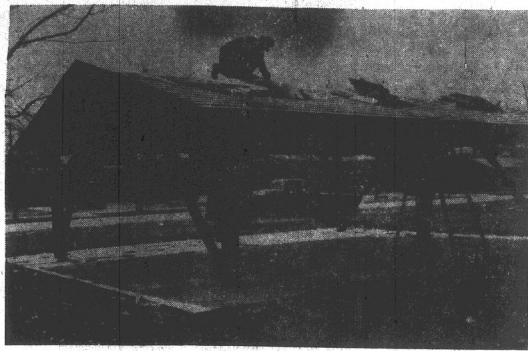

She falls into the hands of Bouine, a Berlin taxi driver and one-time wealthy Russian prince, and his shady associates who wish to lay hands on 10 million pounds being held in a Swiss bank for the children of the Russian czar," Beiger said.

"Bouine spreads abroad the story that when the rest of the Imperial family was massacred by the Bolsheviks, the youngest daughter, Anastasia, though severely injured, escaped with her life.

"The forlorn, confused, embittered amnesiac offers little resistance to Bouine's plans to present her as the missing Anastasia and collect the money set aside for her. The conspiracy prospers, and success is in sight, until the ghosts of the past are exorcized from Anastasia through awkward memories and dramatic confrontations leading to her rebirth as a person," Beiger explained.

NEW WILSON PARK SHELTERS. Four new cedar picnic shelters 20 x 24 feet on concrete slabs are under construction in Wilson Park. Two are on the Benton Street side of the park, one near the airplane, and one just off of State Street. The shelters cost \$4,900. The Granite City Park district plans to add two new shelters each year until they have a total of eight. Each shelter will have four picnic tables in it. Pete Mateasa, a workman for C. D. Peters Construction, low bidders, is putting the roof on one of the shelters Tuesday.

Adult learning program adds new class in GC

Nelson Hagnaur, Madison County Board chairman, announced this week that the Adult Learning Program for High School Equivalency (ALPHE) will expand its program by opening a new class site at the Jaycees Building in

Granite City April 14 from 6 p.m. to 9 p.m.

The tuition-free program was made possible through funding in the Office of Manpower Development under the Comprehensive Employment and Training Act. Daniel Churorch serves as director of the Office of Manpower Development.

The program will provide academic tutoring for adults preparing to take the General Educational Development (GED) examination. The GED examination is a test designed to measure an individual's ability to do high school level work. Upon passing the examination, the adult will be issued a high school equivalency certificate.

The classes, conducted by certified teachers will be designed to cover the GED testing areas: English, math, social studies, and natural sciences. Individualized instruction for an unlimited time span in the five (5) areas will enable the adults to have the background needed to pass the GED.

Adults who are interested in securing a high school equivalency may call the Office of Manpower Development in Edwardsville at 692-4597 for further information.

Not member of Truth-Action organization

Mike Ropac, who formerly was active in the Nameoki Township Truth and Action organization, is no longer a member of that group, he said Monday.

A report that he had rejoined the organization's executive committee was in error, he said. Ropac quit the group in October and announced the resignation in the Press-Record Forum.

Others who announced their resignations in the same letter have rejoined the group, but Ropac has not, it was stressed.

He said he quit Truth and Action after it turned from a civic to a political organization. After it becomes a civic association again, I would consider rejoining," Ropac said.

Teen institute on drug abuse

More than 200 Illinois high school students will participate in a Teenage Institute on Substance Abuse July 16-20 at East Bay Camp near Hudson, Ill.

The participants will be provided information about drug abuse, including misuse of alcohol. The institute will give students an opportunity to formulate and share their own attitudes about drugs.

The five-day program, staffed by professionals from various Illinois state agencies, will consist of lecture-discussion groups and miniworkshops which will focus on the problem of drug abuse in today's society as it relates to and affects young people.

The institute will seek to promote an atmosphere conducive to examination of feelings and motivation in decision-making, particularly in reference to drugs.

Students attend the institute on "scholarships" obtained from community organizations or clubs. For further information, they may contact local high school principals. The institute on substance abuse will be sponsored by the

Illinois Department of Mental Health and Developmental Disabilities, Illinois Jaycees, Illinois Federation of Women's Clubs, Illinois Alcoholism and Drug Dependence Association, Illinois Drug Abuse Program, Illinois Office of Education and Illinois Dangerous Drug Commission.

GC voters call on experienced municipal officials to deal with and solve street and sewer problems

Granite Cityans showed decided preference for the status quo in personnel in Tuesday's biennial municipal election.

Again demonstrating his vote-getting ability, Superintendent of Streets Lionel Portell gained a second four-year term in the office.

City Council membership will remain the same except in the Fourth Ward, where Claude Green did not seek re-election. The new alderman, Warren Decatur, will bring engineering knowledge and business experience to the council deliberations.

Three aldermen won new terms without opposition — Clyde Boyd in the Third Ward, Walter Norn in the Fifth and Gerald Parnley in the Sixth.

Three other incumbents achieved reelection by defeating opponents. The victors were Everett Morten in the First Ward, Sam Whitmer in the Second and Emerald Dawes in the Seventh Ward.

While the overall outcome was a vote for continuity and experience in municipal offices, voters recognized the existence of extensive problems, many of them related to unmet sewer and street needs.

There is something to be said for a degree of independence between various city officeholders, but service to the public can deteriorate unless there is close cooperation — and unless all emphasize performance, rather than explanations for non-performance.

For example, citizens would be the losers if council members failed to provide sufficient street department funds, men or machinery for the superintendent used the manpower, equipment and materials unwisely or wastefully. There also needs to be even-handed administration of the street department in all wards and precincts, and avoidance of

expenditures on private property.

The City Council sought last week to dissuade the superintendent from creating added health hazards by building and continuing to operate a raw sewage outlet into the Nameoki stormwater drainage ditch. The outlet pipe is inappropriate, since the ditch not only runs through residential areas but into Horseshoe Lake, which is being acquired for development as a state park, wildlife and recreation area.

Fresh from his election victory, Mr. Portell may further harden his stand. But he needs council support for many things, and the pipe issue itself is so important that it should not be allowed to die.

The linking of sewage with stormwater drainage remains improper and possible illegal. And the proposed "solution" of a ban on new construction misses the point; it is a false, already occupied buildings (lacking basement shut-off valves) that the outlet pipe is supposed to be protecting.

It also is unfortunate that many federally-paid Manpower personnel are available but have not been used for many months on any of the pressing street problems in Granite City, after originally being utilized. Incredibly, such newcomers have been resisted lately as somehow depriving the regular employees of work. Their absence ought to be rectified, and promptly.

In view of the staggering list of street and sewer shortcomings, the exclusion to "protect jobs" would be a joke if it wasn't so tragic. Any permanent street or other improvements carried out by the Manpower staff would become available for immediate use by the public instead of remaining unfinished. And there would still be enough chores for street department employees for the rest of this century, at least.

Roads limit Lambert capacity

By ARVEN H. SAUNDERS

Executive Director

St. Louis Metropolitan

Area Airport Authority

As part of the analysis that

federal law requires us to make

of the Parsons master plan for

Lambert Field, we have a

preliminary summary from our

traffic consultants, Alan M.

Voorhees & Associates, Inc., of

St. Louis.

Briefly, the Voorhees firm

reports that the master plan

neither accurately states the

ground access needs for

Lambert nor adequately deals

with those needs.

This finding by Voorhees thus

shows a third fatal defect in the

Parsons master plan.

In February, our expert

evaluation team on technology,

airfield capacity and aircraft

operations reported that the

master plan would add little

capacity at Lambert and that it

will run out of capacity by the

early 1980s even on the basis of

present pessimistic forecasts of

aviation growth.

Later in February, Arthur D.

Little, Inc., the Authority's

environmental consultants,

found that the master plan

proposal would have an unac-

ceptable environmental impact

through increased air pollution,

high noise and residential

dislocation.

Little pointed out that the

Parsons report appeared to

violate the environmental

restrictions set forth by the

federal government in the

master plan agreement.

In pointing out the short-

comings in ground access,

Voorhees also emphasized a

major cost omission in the

Parsons study.

The master plan would

clearly require widening of I-70

Mr., Mrs. John Morris mark 50th year Sunday

A reception honoring Mr. and Mrs. John Morris, 4748 Nameoki Road, on their 50th wedding anniversary will be given Sunday at Calvary Baptist Church, 3000 Washington Ave.

Guests will be received by the honored couple at 2 o'clock in the afternoon in the church fellowship hall.

Mr. Morris and his wife, the

former Henrietta Scull, are lifelong residents of this area. They were married on April 9, 1925.

Both are members of Calvary Baptist Church. Mr. Morris was employed at Granite City Steel until his retirement.

They are the parents of four children. Mrs. Mary Ann and Mrs. Betty Gerdes, both of Granite City, Charles Morris of LaPue, Calif., and Mrs. May Ross of Oakview, Calif. Two sons, Ray and John Morris, are deceased.

The guests of honor also have 15 grandchildren and six great-grandchildren.

Relatives, friends and neighbors are being invited to attend the reception, a family spokesman advised.

KETC-TV to screen barbershop contest

A taped version of the Sweet Adelines International Competition held in Milwaukee, Wis., will be presented on KETC-TV, Channel 9, at 8 p.m. Friday, April 4, and Friday, April 11.

The tapes will show the international winners in both the quartet and chorus categories, according to Mrs. Jo Beatty of Granite City, publicity chairman for the Collinsville chapter of Sweet Adelines.

The Sweet Adelines is an international, non-profit organization of more than 20,000 members in 600 choruses throughout the U.S., Canada and the Panama Canal Zone. Winners of the annual competition are considered the best barbershop harmony singers in the organization, Mrs. Beatty said.

"Anyone interested in barbershop singing certainly will enjoy viewing the taped show," the Granite Cityan said. "It will be barbershop singing at its best."

Silver Bells mark birthdays

The Silver Bells Senior Citizens Club assembled at the Venice Recreation Center and honored members who observed their birthdays, in March.

Honorees for the day include Hugh Hairston, Mrs. Leroy Emory, Mrs. Maggie Green and Mrs. Minnie Anderson.

Mrs. Pearl Jackson offered the opening devotions. A pre-Easter dinner was served by the hostesses, Mrs. Zula Harris, Mrs. Irene Vernon, Mrs. Janie Robinson, Mrs. Jackson and Mrs. Dorothy Buford.

SENIORS CLUB MEET AT MADISON BAPTIST
Senior citizens of Madison Baptist Church met last week in the fellowship hall for a craft class and meeting.

Mrs. R. L. Bailey of Decatur, a guest, directed the workshop session.

Devotions were taken from the Book of Psalms and presented by Mrs. Nellie Molecek. Mrs. Eula Lively conducted a business session.

Cubs entertain at nursing home

During Easter week Cub Scouts of Den 2, Pack 7, sponsored by St. Joseph Church, visited the patients at the Colonades Nursing Home and presented a play entitled "Easter Rebel."

Those participating were Tom Buente, Jim Fuhrman, Robbie Favier, Joe DeShon, Ron Hook and Brad Voss. Each patient was presented an Easter favor, which the boys had made at den meetings. They were accompanied by Mrs. Rosalie Buente, den leader, Mrs. Louise Favier and Mrs. Joyce Willmore.

Pack 7 Cubs and Webelos toured Shasta Bottling Co., the past weekend.

The boys observed each step of the plant's operation from water purification through making, canning and shipping the beverage. The group also received soft drinks, banks, balloons and company brochures.

Pack members taking part were Jon Kettelhut, John Moore, Tom Mungovan, Den 1: Robbie Favier, Tom Buente, Joe DeShon, Ron Hook, Brad Voss, Den 2: Webelos David Kettelhut and Steve Kienle, leaders, Rosalie Buente and Richard Kienle; and a guest, Marty Kettelhut.

A program concerning the history of the Cahokia Mounds area, illustrated with slides, will be presented at Pack 7's general meeting Tuesday at St. Joseph School. Members presently are offering chocolate bars to the public, costing 50 cents each, as a ways and means project, Mrs. Buente said.

Fresh asparagus is back

By CATHERINE R. MAUCK
Madison County Extension
Adviser-Horticulture
Arrival of fresh asparagus at food stores is like the first breath of spring.

A delight to serve, fresh asparagus goes with any meat, fish or poultry. It adds crisp-tender texture and delicate flavor to egg, cheese, rice or macaroni dishes.

Serve it hot with a luscious sauce, or cook and serve it chilled with your favorite salad dressing.

Fresh asparagus is available from mid-February through June, with peak supplies from April to June.

To buy the freshest and best quality asparagus, follow these tips:

—Look for closed, compact tips; smooth round spears; and a fresh appearance. A rich green color should cover most of the spear. Stalks should be tender almost as far down as the green extends. (Tender asparagus is brittle and easily punctured.)

—Avoid tips that are open and spread out, moldy or decayed tips, or ribbed spears (spears with up and down ridges or that are not approximately round).

These are signs of aging and mean tough asparagus and poor flavor. Also avoid excessively sandy asparagus, because it will be difficult to remove the sand in washing.

Fresh asparagus ages rapidly after cutting, so for the best flavor and tenderness, use within one or two days after

purchase. Store asparagus in a plastic bag or in a crisper in the refrigerator until ready to use. Slightly wilted stalks sometimes will freshen if allowed to stand in cold water.

One pound of asparagus for cooking, cut or break off each stalk as far down as it snaps easily. If you wish, remove scales with a knife. Wash thoroughly. Leave stalks whole or cut into one-inch lengths.

For an easy way to cook whole spears, simply place them in two layers in a skillet, sprinkle with one teaspoon salt, and pour on boiling water to a depth of one inch. Cover and boil 12 to 15 minutes or until the lower part of the stalk is crisp and tender.

Special sauces for asparagus start with one cup white sauce. To make a medium white sauce, blend two tablespoons flour with two tablespoons fat, and then combine with one cup milk. Stir constantly over low heat until thickened.

Try any of the variations that follow:

—Cheese sauce: Cook one cup of medium white sauce. Remove from heat and stir in

Revival continues at Madison Baptist

A revival crusade, featuring Evangelist Charles Masseege, is being conducted through Sunday at the First Baptist Church in Madison, the Rev. Paul Davis, pastor, said today. Services start each evening at 7:30.

Participating in the nightly programs is Mrs. Beverly Masseege, soloist and a talented ventriloquist, who presents her message using "Erick." She will be accompanied at the piano by Steve Stanfield.

Last week the ERA proponents made desperate efforts to pass a resolution saying that the Democratic National Convention would not be located in any state that has not ratified ERA. The ERA proponents are thus relying on high pressure and threats, because they have no sound legal or moral arguments.

Last week ERA was introduced in the House of Representatives. The proponents claim they have the votes to pass it in the House, and that Speaker Redmond will rule for a simple majority. They think that if they can pass ERA in the House this will put pressure on the Senate to pass it.

ERA proponents have been going to Springfield by the hundreds to pass the ERA. ERA proponents are planning on bringing 3,000 people on April 9. Please write your Senator and Representatives immediately and tell them NOT to give in to

these tactics. Tell them that the big majority of Illinois Women want them to vote NO on ERA.

We are planning another big demonstration in Springfield to show our opposition to ERA on April 9 and we MUST have a bigger crowd than the proponents.

Please meet us in Springfield on —

State board's role affecting private schools is challenged

Part of the State Board of Education stature is under fire from some private schools, which want to repeal the provision calling for the board to set policy and guidelines for both public and private education, Dr. Joseph M. Cronin has told the board.

The state superintendent of education observed that such action could stop the board from "helping those schools that want official recognition or that might be eligible for federal aid."

The board's relationship to two other state agencies were discussed. The board will consider transfer of school bus safety inspection functions in the Illinois Department of Transportation, with the education office retaining safety education functions.

Through an agreement with the Department of Finance, Management Information Division, the Illinois Office of Education eventually will be using that agency's more sophisticated computer facilities, Supt. Cronin said. Assistant Supt. Nelson Ashline reported to the board on the consolidation of several federal programs. Programs funding textbooks and library materials, equipment, and guidance and counseling have been consolidated under the heading of Library and Learning Resources.

Let contract for bridge ramp repairs

The Illinois Department of Transportation announced Monday that a contract has been awarded for repair work on the Poplar Street Bridge approach ramps in East St. Louis at Interstates 55-70.

The firms with the successful low bid are H. H. Hall Construction Co. and Illinois Ben Hur Construction Co., both of East St. Louis. The contract cost for the work is \$5,387,730. Work is scheduled to begin shortly and will be completed by the fall of 1976. Construction will require that portions of the road complex be closed to traffic at various times. Through the department's bridge inspection program it was discovered that some of the expansion bearings are not functioning properly as the bridge structures expanded and contracted, and some damage had occurred on the top of the supports and steel girders.

New meeting on overpass

A second public information meeting to discuss the most feasible location of an overpass spanning the railroad tracks between downtown Granite City and West Granite City will be held April 29 at Prather Junior High School. The meeting will be chaired by Mayor Paul Schuler. The meeting will be open to the public to discuss with city officials and engineers of the M. W. engineering firm the advantages and disadvantages of locations being considered for the overpass structure. The M. W. firm has been retained by the city to prepare a site study that will recommend the most likely location of the overpass from the standpoint of cost, convenience and structural ability.

Budget planning legal—Bell

Douglas Teetor, clerk of Nameoki Township, and Albert Bell, the township's highway commissioner, Tuesday clarified issues discussed at the March 25 Nameoki Town Board meeting and public hearing on the 1975-76 annual budget for the highway department.

Both officials said allegations made by Township Supervisor Louis Whitsell and other town board members that the budget had been prepared at an illegal meeting and public hearing on the 1975-76 annual budget for the highway department.

Teetor said a group of township residents who were "representative of the township's residents," met to discuss the tentative budget after it had been prepared by himself and Bell. "This is not a requirement. It was done only out of courtesy," Teetor said.

Bell agreed saying, "I called a number of people together to go over what I had prepared and get their views, but this is not a procedure required by law."

Both Bell and Teetor said they did present the tentative budgets about four days later to the town board of auditors. Whitsell was not present at the meeting, but copies of the proposed budgets were given to the town board and copies were left on Whitsell's desk, the clerk and highway commissioner recalled.

Teetor emphasized that the meeting with the citizens "was not an official meeting. No minutes were taken and no

official action was taken." The meeting did not violate the law, which allows the highway commissioner to prepare his budget in any way he sees fit, Teetor said.

Bell also commented, "There was nothing done on my part or the clerk's which was improper."

Bell also objected to allegations by Whitsell that Bell's election as chairman of the executive committee of the Truth and Action organization was a "conspiracy."

Whitsell had alleged that members of the executive committee had not been told that an election was to take

place and that he, rather than Bell, would have been elected had the whole committee been present.

Bell stated, "Of the members present, the vote tally was 7 to 3 in my favor between Mr. Whitsell and I. In my opinion, that is a majority."

Whitsell also had alleged that Bell was among those who resigned from Truth and Action, a township civic and political group, in November over political differences.

Bell countered, "At no time have I ever presented a letter to the committee or even related to Mr. Whitsell that I had any intentions of resigning."

Monthly member payments at 'Y'

"The board of directors has approved several changes in the membership fee plan at the YMCA effective April 1, 1975," E. A. Karandjeff, president of the YMCA, announced this week.

The monthly payment plan has been well received by about 90 per cent of the persons who have joined since June 1, 1974. "Beginning April 1, persons are paying the first and twelfth monthly payments to initiate the plan, and make a monthly payment by the tenth of each month thereafter until the annual fee is paid."

"We have had over 500 persons who have joined on the monthly payment plan since it was initiated," Karandjeff said. A second change is in the daily membership rate for the Fitness Center for men and women. It has been reduced to \$3 per day.

"The YMCA is seeking to encourage more working men and women to exercise two or three times a week, either at the noon hour or at 5:30 daily to stay fit and trim," the president related.

The board of directors has approved a plan to secure a bus for the YMCA to provide transportation for children to use the 'Y' after school and on Saturdays," Karandjeff said.

"Now we are hoping to raise funds to purchase a bus without disrupting our approved budget for 1975."

A thorough study has been conducted by the staff and indicates we could be serving more children if transportation would be available."

Mardi Gras theme for service award banquet

A Mardi Gras theme, with music by The Old Guys Jazz Band, will accent the fifth annual service awards and retirement banquet Monday, April 14, at Southern Illinois University at Edwardsville.

Honored will be 11 retirees, 45 persons who have completed 15 years of service to the university, and 88 employees with 10 years of service.

Two hundred and one people will receive five-year service awards from department heads on the day of the banquet. Dr. John S. Rendleman, president of SIUE, will give the keynote address and present the awards.

The banquet is to begin in Meridian Hall at 6:45 p.m. Master of ceremonies will be David Huntley, chairman of the department of art and design of the School of Fine Arts and Communications.

Ken Ramers, SIUE personnel officer and chairman of the banquet committee, said the hall will be decorated with the Mardi Gras motif, and The Old Guys will play music appropriate to the theme.

The band will begin playing when the doors open at 6:15 p.m. and will climax the evening's entertainment with a concert following the awards presentation. Taped theme music also will be presented during the dinner hours.

"Even the food has been planned with the Mardi Gras theme in mind," Ramers said. "The menu will include fruit cocktail, Swiss steak Creole, Bourbon Street green beans, royal oven browned potatoes, New Orleans apple pie and French roll and butter."

The employees retiring during the year (July 1, 1974 to June 30, 1975) are:

Kenneth Clark, Collinsville, a shipping and receiving clerk for procurement, storage and supplies, who retired Oct. 31 with nine years of service.

Bertha Drummond, Sawyerville, night clerk, audio visual services, who retired Dec. 31 with eight years of service.

Robert Fulton, East Alton, watchman, security officer, who retired Aug. 31 with 14 years of service.

Esther Havelka, Muro, clerk III, scheduling center, who retired Dec. 31 with five years of service.

Olin Hileman, Edwardsville, formerly of Madison, associate professor, School of Education, who retired Sept. 15 with 11 years of service.

John Lewis, Alton, pipefitter, physical plant, who retired Aug. 31 with seven years of service.

Everett Mauger, Alton, instructor in market research, Business, who will retire June 15 after six years of service.

Irwin Paul, Edwardsville, professor of chemistry, School of Science and Technology, who retired Sept. 1 with 16 years of service.

Alfred Pellegrino, Glen Carbon, professor of foreign language and literature, School of Humanities, who will retire June 15 with 12 years of service; and Dorothy Tulles, Edwardsville, professor of music, School of Fine Arts and Communications, who is retiring this year with 12 years of service.

Granite Cityans receiving service awards will be 15 years — Josephine Beatty and Edward Vaughn.

10 years — Julia Barton and William Burcky.

Five years — Waldo Dalton, Dennis Harper and Timothy Patrick.

Also qualifying for five-year awards are Lester Cummings of Mitchell and Thelma Thompson of Madison.

Spring savings bond drive to start soon

A meeting to prepare for the spring sale of U.S. Savings bonds in Madison County was held at Charlie's Restaurant, chaired by Henry D. Karandjeff, Madison County Savings Bond chairman.

Karandjeff, who has 34 years of continuous service, is the longest serving county board chairman in the United States. From 1941 through 1974 the amount of bonds purchased in Madison County totaled \$213,016.58.

Nationally, citizens have purchased \$62 billion in bonds since Pearl Harbor.

Karandjeff said, "There are definite tax advantages of U.S. Savings bonds in saving for both education and retirement."

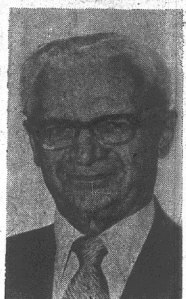

He noted that if a person buys a \$100 Series E Bond (for \$75) each month for 15 years the purchaser accumulates \$21,397. At that point the purchaser exchanges the "E's" for \$21,500 in H Bonds, which requires adding \$103 in cash to bring the amount exchanged up to the next highest \$500 multiple.

Of this total, \$7,897 represents interest which is not taxable at exchange.

"From your \$21,500 in H bonds, you receive \$1,075 in interest the first year, \$1,247 each year for the next four years, and \$1,400 each year for the last five years," he said.

"Average monthly income for 10 years would be \$109 compared to the original monthly investment of \$75, leaving the \$21,500 principal sum intact," Karandjeff added.

"Payroll savings is one of the surest ways to save that has

H. D. KARANDJEFF

ever been invented. Everybody needs a rainy day fund."

"A person should also keep in mind that a payroll allotment isn't really a deduction. It is just a deferred payment that's always yours when you need it, plus interest," Karandjeff noted.

It was announced at the meeting that the Treasury Department is offering a special Bicentennial design E bond to be placed on sale throughout the nation on May 5, the first day of "Minuteman Week."

"I would like to urge all the citizens of Madison county to help celebrate America's Bicentennial by buying extra bonds," Karandjeff said.

Burnett is promoted by Sherwood Medical

Sherwood Medical Industries of St. Louis has promoted Donald J. Burnett of Belleville, formerly of Granite City, to the position of advertising manager. He was formerly advertising administration manager. Burnett replaces Arthur A. Stovick, who will retire March 31 after 30 years of service.

Burnett joined Sherwood in June 1965 as a management trainee. He holds a bachelor's degree in journalism from Southern Illinois University at Carbondale and has completed a course work toward a master's degree in journalism with specialization in advertising.

Burnett served in the Air Force branch of the National Guard from June 1965 through June 1971.

Sherwood manufactures and distributes medical devices including needles and syringes,

tubes and catheters, surgical gloves, dental devices, laboratory and diagnostic equipment, and devices for the veterinary profession. The firm, a Brunswick company is headquartered in St. Louis and has manufacturing and sales operations throughout the U. S. and around the world.

MEMOROS OF NOTE to be auctioned at 7 p.m. Friday, April 11, at Nameoki School by the Granite City Area Council of PTAs to raise funds for a new student aid program. Among the items visible are an autographed photo of U. S. Senator Edward Kennedy; sports columnist Bob Burns' pipe, left foreground; Philadelphia Eagles' football; sketch of Missouri capitol from Missouri Gov. Christopher Bond; Lee Trevino's golf glove, left center; golf balls from Gary Player, upper left; U. S. Congressman Paul Simon's bow tie, upper right; autographed copy of U. S. Senator Charles Percy's book, lower right; and football Cardinal Mark Armon's jersey.

PTA council plans 'Celebrity Auction'

A unique fund-raising auction, featuring more than 27 items donated by celebrities, will be presented to the public Friday, April 11, at Nameoki School under the auspices of the Granite City Area PTA Council. Mrs. Dorothy Phelps, PTA council president, said Mrs. Sadie Bringer, cultural arts chairman and Mrs. Faye Kirgan, council vice-president, are serving as co-chairmen of the "Celebrity Auction."

Handicraft work donated by local PTA units will be displayed on a special bazaar table, Mrs. Phelps advised. Patrons are invited to inspect the items to be sold, starting at 6 p.m., and make their selections prior to the auction which will begin promptly at 7 p.m. Sandwiches, desserts, soft

drinks and coffee are included on a menu to be served in the Nameoki School cafeteria during the evening, Mrs. Bringer reported. The auction is a new concept in raising funds to finance a recently-established council program through which needy children attending local schools will be aided, Mrs. Phelps said. If successful, the project will be repeated on an annual basis, she added. Mrs. Phelps explained that aid will be made available to students whose families are experiencing financial difficulty and who need eye examinations, dental work or emergency medical treatment. School nurses, principals and teachers will be asked to help in

the program by referring the names of students in need to a special PTA council committee for immediate aid, the officer said. Articles to be auctioned April 11 range from commemorative coins to a Cardinal football player's jersey. Among the items are: Illinois Gov. Dan Walker's commemorative coin (inaugural issue); sports columnist Bob Burns' pipe; an autographed copy of U. S. Senator Charles Percy's book, "The Capital"; an autographed photo of U. S. Senator Edward M. Kennedy and a ballpoint pen showing the U. S. Senator; an autographed copy of U. S. Congressman Melvin Price's book, "We The People."

A sketch of the Missouri capital contributed by Missouri Governor Christopher "Kit" Bond; posters and stickers from the Dallas Cowboys football team; Mark Armon's jersey No. 57 from the St. Louis Football Cardinals. An autographed picture of Sonny and Cher; one dozen autographed Gary Player golf balls; photographs, media guidebooks and biographies from the New York Football Giants, Green Bay Packers, Minnesota Vikings and the Los Angeles Rams. A first issue postage stamp of the late Adlai Stevenson II, provided by his son, U. S. Senator Adlai Stevenson III; a bow tie from U. S. Congressman Paul Simon; a commemorative coin contributed by former Illinois Gov. Richard Ogilvie. Other autographed collectors items to be offered are Lee Trevino's golf glove; President Gerald Ford's and former President Richard Nixon's White House business cards; "J. Edgar Hoover," a book provided by U. S. Senator Phyllis Kaitera; a football from the Philadelphia Eagles; a Spiro Agnew ballpoint pen; and a program and two complimentary tickets to Barn Dumber Theatre from actor Broderick Crawford.

Cub 'Theme Fair' set April 19

Cub Scout themes for the next 12 months will be displayed at the annual "Theme Fair" program set April 19 at St. Margaret Mary School.

Mrs. Vee Throne, fair chairman, said all pack leaders and committee members in the Cahokia Mounds Council area are being urged to attend the

fair from 2 to 4 p.m. April 19. A baby-sitting service is planned by Girl Scout Troop 107, led by Mrs. Evelyn Tolliver, and Girl Scout Troop 368, directed by Miss Dorothy Hinson, and Mrs. Rose Lawrence, the chairman advised.

Cub units participating in the fair, their leaders and theme topics, include: Cub Pack 4, Logan School, Gary Miller, cubmaster, "Things That Go"; Pack 4 Webelos, Richard Johnston, leader, "Webelos activity badges"; Pack 8, First United Presbyterian Church, Warren Nash, cubmaster, "Summer Adventure"; Pack 20, Webster School, Eric Wilson, cubmaster, "World of Sound"; Pack 13, St. Elizabeth School, Ed Heintz, cubmaster, "Birthday U.S.A."; Pack 108, Lake School, William Monical, cubmaster, "Trailblazers Adventure"; Charles Buford, Webelos training chairman, will be in charge of setting up the displays, Mrs. Throne said.

Other chairmen are Mrs. MarLean Manogian, refreshments; Mrs. Nadene Taylor, book store; Eric Wilson, first aid; and Mrs. Darlene Smith and Sandy Buford, day camp booth.

Modern Music Masters initiate 29 at South

The Modern Music Masters of Granite City High School South initiated 29 new members into the organization at a candle-light ceremony held in the vocal music room at South High.

Candidates for sophomore, junior and senior membership are selected from students enrolled in the school's music department, who meet the following requirements — carry an "A" grade in music; maintain a "C" average; show good attitude toward teachers and fellow students; display cooperation and service to their class and school; and are of excellent character.

The Modern Music Masters' faculty sponsors, Mrs. Mary Ann Bright, South vocal music director, Joseph E. Owens, District 9 music director and Terry Waffler, South High Band director, are responsible for inviting students into the club. The latest initiates are Belinda Allen, Sandy Benson, Patricia Brokaw, Kelly Cottrell, Enid Cox, Mary Dollins, Bradford French, Karen Galayda, Debbie Griffin, Janice Hamilton, Lynna Hill, Charles Holman, Leslie Houser, Nora

Hunter, Ann Langley, Karol Lee, Becky McCommas, Susan McQuaide, Beth Potillo, Jennifer Powderly, Charla Rainwater, Robin Robertson, Nancy Sanders, Lisa J. Smith, Jacki Solberger, Kathleen Stacy, Lisa Steele, Gwen Stratton and David Tripp.

After the initiation ceremony, entertainment was provided by the band and vocal departments. Students performing were: Mary Dollins, Maggie Fryntzko, Sandy Benson and Anthony Tsigoliaroff, who played "Clarinet Quartet No. 1," Jennifer Powderly, Soprano, who sang "Unchained Melody," accompanied by Joan Range. David Tripp, pianist, played "Prelude in C Minor" by Bach; maninoff; and Pat Mayfield presented "Concerto" on the tenor sax, accompanied by Judy Owens.

Refreshments were served in the band room following the program. DENNIS HARDESTY IS PARENTS OF 2ND CHILD Mr. and Mrs. Dennis Hardesty of Tooele, Utah, former residents of Granite City, are announcing the arrival of a daughter, Stephanie Marie, born March 25 at Holy Cross Hospital, Salt Lake City, Utah. The infant weighed seven pounds, 10 ounces. She has a sister, Amy Alicia, 13 months old.

The mother will be remembered as the former Patricia Ann Reader. The maternal grandparents are Mr. and Mrs. Andrew (Alice) Bauza of Tooele, formerly of Granite City. The paternal grandparents, Mr. and Mrs. Don Crisel, reside in Granite City.

St. John's to hold Saturday worship hour

Beginning Saturday evening, St. John United Church of Christ, 2001 Nameoki Road, will conduct services of divine worship, from 5:30 to 6:30 p.m., according to the pastor, Dr. Paul R. Surbey. Purpose of the additional weekly service is to provide an opportunity for those persons who find it impossible to worship on the traditional Sunday occasions.

Within the past two months the United Church of Christ has released the publication of a new Hymnal, containing a large selection of familiar Christian Hymns, plus many of the more popular selections of the past two years.

On Easter, 400 of the new Hymnals were dedicated. During the month of April the congregation will be singing favorite hymns which had been excluded from the former Hymnal. The theme for the post-Easter to Pentecost services will be "The Fruits of the Spirit." The message for Saturday evening will be "Learning to Trust."

Another feature of the Saturday evening experiment will be a program of Christian Education for the smaller children in the Educational Building. Parents with small children are encouraged to bring them for this hour.

The public is invited to participate in the weekly Saturday evening services. **Cradle shower for Mrs. Olander** Mrs. Stanley (Judith) Olander was guest of honor at a cradle shower given by Mrs. Mary Ann Bunk at the Polish Hall in Madison. Pink and blue decorations were used throughout the room, and the gift table held a miniature doll and cradle as its centerpiece. After the honoree opened the gifts, games were played, and a buffet luncheon was served by the hostess to the party guests. **EXPERT APPRAISING MORRIS REALTY CO.** 878-4400

DOWNTOWN GRANITE

Libson Shops
where fashion happens!

the Big dress...
the Big look...
Spring '75!

And what a smashing way to look!
The fit... free, easy, relaxed. The
waist, cinched with wide roman stripe
belt. Soft, feminine, and ready to
accessorize a dozen different ways.
Pure flattery! Fresh, easy-
care fabric. The color, sunny
yellow. Sizes 6-14. • It's
the way to look, the way to
go, this Spring! Get started now.
while the selection is plentiful... at Libson Shops.
